GEN LAWTON LEADS.

The Gallant Fort Wayne Soldier to the Front of Battle.

CAREER OF THE MAN WHO LEADS ATTACK.

WASHINGTON, July 1.—The battle has begun. This was the startling news conveyed in the following brief dispatch from General Shafter at 10 o'clock this morning:

"Action now goin on. The firing only light and desultory. Began on the right near Caney. Lawton's division, he will move on the north-east part of town of Santiago. Will keep you constantly advised of progress."

Brief as it was it told the whole story, that the first shots of the long expected crash of arms, probably the first great land engagement of the war, was under way. It sent a thrill through official circles, from highest to the lowest. Secretary Alger was the first to read it.

He passed it to General Corbin, adjutant general of the army, and directed him to take it at once to the white house.

General Corbin went to the president, carrying the original dispatch. He was back shortly, and then a bulletin was posted giving the dispatch verbatum. Until then, only the higher officials had known that the decisive hour was at hand.

After the first announcement of Shafter was bulletined the time dragged wearily, with nothing from the field to answer the intense anxiety to which everyone was wrought.

General Shafter's assurance that he would keep them continually advised of the progress gave promise of early details. It had been arranged that they should go first to the white house, while the cabinet was in session, and then should be bulletined so far as warranted.

The officials showed every disposition to keep the public completely advised of actual occurrences.

According to General Shafter's report the attack on Santiago was begun by the second division of the fifth army corps, commanded by Brig. Gen. H. W. Lawton. This division consists of three brigades, made up as follows:

First Brigade—Commanded by Col. J. J. Vanhorn; Eighth United States infantry, Twenty-second United States infantry and Second Massachusetts infantry.

Second Brigade—Commanding officer unknown, but supposed to be Colonel Bates; First United States infantry, Fourth United States infantry and Twenty-fifth United States infantry.

Third Brigade—Commanded by Brig. Gen. A. R. Chaffee; Seventh United States infantry, Twelfth United States infantry, and Seventeenth United States infantry.

It thus appears that the entire division which opened the hostilities of the day is composed entirely of regular troops, seasoned and experienced in battle, with the exception of the Second Massachusetts volunteer infantry, which is regarded as one of the best volunteer organizations of the army.

GENERAL LAWTON A FORT WAYNE BOY.

General Lawton, who is chosen for the important and responsible duty of opening the battle by the capture of Caney and the interception of Spanish reinforcements, now nearing Santiago, is described as a good fighter and a soldier full of experience and ability. He served in the Union army throughout the war, having entered as sergeant of Company E, Ninth Indiana volunteer infantry in April 1861, from Fort Wayne, Ind., being successively promoted through merits on the field of battle to first lieutenant of the Thirtieth Indiana infantry in August, 1861; to captain in May, 1862, and lieutenant colonel in November, 1864. In March, 1865, he was breveted colonel for gallant and meritorious services during the war.

He entered the regular establishment in July, 1866, as second lieutenant of the first infantry (colored) and remained with that branch of the army until January, 1871, when he was transferred to the Fourth cavalry with which he remained until September 1888, when he was appointed inspector general with the rank of major. He was subsequently promoted to the rank of lieutenant colonel and held that rank until the opening of the recent war with Spain, when the president appointed him brigadier general of volunteers and assigned him to the command of a division of the Fifth army corps, commanded by General Shafter.

United States warships bombarded Manzanillo, on the Gulf of Acaybo on Thursday, inflicting much damage to the defences of the place. Spanish gunboats, according to this dispatch, opened fire upon the American ships, which then moved out of range.

The same dispatch reports that a balloon sent up from the American camp was seen from Santiago on Thursday. In the balloon were two men, seemingly taking observations of the Spanish fortifications about Santiago.

WITH SHAFTER'S INVADING ARMY.

(Copyright 1898, by the Associated Press.)

WITH THE UNITED STATES ARMY, five miles east of Santiago de Cuba, Thursday, June 30, noon, via. Playa del Este, Province of Santiago de Cuba, June 30, evening—The American forces, now numbering nearly 17,000 men, still occupy a position in a long line, five miles east of Santiago de Cuba, but no forward movement has been made during the past twenty-four hours, owing to the difficulty experienced in forwarding sufficient supplies from the base at Juragua and the fact that it has not been possible up to the present to send light artillery and siege guns to the front from Baiquiri.

Major-General Shafter is at the front and conducting the reconnoissance in person.

The American troops have made no attack as yet upon Aguadores or on the coast near the left wing of the invaded army, where the new base may be established later.

The town of Caney, which commands the land entrance into Santiago de Cuba, lies close to the American's right wing and will probably be taken without difficulty soon, as it is held by only a small guard of Spanish troops.

American scouting parties have been within a thousand yards of Caney without being attacked and the roads in that vicinity have been repaired and improved by our troops, indicating that artillery will be moved in that direction.

It is believed that the investment of Santiago de Cuba will follow the capture of Caney.

There are about five thousand Cubans operating with the American army at the front, and the Spanish force defending Santiago de Cuba is estimated at from 12,000 to 20,000 men. In addition, as cabled, General Pando, the Spanish military field commander, is marching from Manzanillo, 127 miles west, with about 8,000 men, and, unless checked by the small force of Cubans holding the mountain passes, he ought to reach Santiago, in his efforts to support General Linares, in a few days.

The American camps have been soaked by the recent rains and the roads are in bad condition, but our officers and men are confident they will be able to make a general attack soon and that Santiago will fall before them.

The cable was placed in operation this morning at Juragua, Altatres and Siboney and communication is now open between the invading army and Washington.

A GREAT BATTLE IS ON.

Shafter's Army and Sampson's Fleet Make a Combined Assault on Santiago.

(Copyright, 1898, by the Associated Press.)

PLAYA DEL ESTE, Province of Santiago de Cuba, July 1.—11:20 a. m.—A general assault on the city of Santiago de Cuba, by the land and sea forces of the United States began at 7 o'clock this morning.

General Lawton advanced and took possession of Cabona, a suburb of Santiago. Morro Gastle and the other forts at the entrance of the harbor were bombarded by our fleet.

The Vesuvius used her dynamite guns with good effect. The Spanish fleet in the harbor fired on the American troops who were very close to the city.

Hard fighting all along the American line was in progress at 11 o'clock. Nine wounded Cubans have been brought in.

THE FIGHT IS FURIOUS.

WASHINGTON, D. C., July 1.—A dispatch was read in the cabinet meeting from Colonel Allen in charge of the signal station at Playa de Este. He said that the fight was growing furious in all directions. At the time he sent the telegram eight Americans and nine Cubans had been wounded. The Spaniards were shelling the Americans as they advanced and Admiral Sampson's fleet was hotly engaged.

REPORT THAT SANTIAGO HAS FALLEN.

WASHINGTON, July 1.—A rumor was in circulation here this afternoon that Santiago had been captured, but at 2:45 p. m. Adjutant General Corbin said there were no dispatches here to bear out the rumor.

SPANISH ABUSE OF THE RED CROSS FLAG.

(Copyrighted, 1898, by the Associated Press.)

GENERAL KENT'S HEADQUARTERS, near Aguadores, June 30, 3 p. m., by the Associated Press dispatch boat Wanda, via Port Antonio, Jamaica, July 1, 6 a. m., and Kingston, Jamaica, July 1, 8:30 a. m.—The Spaniards in the front of General Kent's lines have adopted a new method of preventing him from firing on their works.

They have strung at frequent intervals Red Cross flags, the line being directly in view of their entrenchments. The object of this, it is thought at General Kent's headquarters, is to prevent the Americans from firing in that direction, or if the Red Cross is ignored, to spread the idea that the American soldiers are violating the rules of civilized warfare in firing upon hospitals.

SAGASTA LAUGHS AT PEACE RUMORS.

MADRID, July 1.—1:30 p. m.—Premier Sagasta in an interview today in regard to the peace rumors said:

"They are absurd. I am astonished that any attention is paid to them. There will not be, and cannot be any discussion in regard to this matter, I affirm this absolutely. The government can not treat for peace now. That action depends on developments and the government will not act until the proper time."

NO THIRD CALL.

President Does Not Contemplate Asking For Volunteers Immediately.

WASHINGTON, July 1.—It can be stated positively that the president does not contemplate issuing a third call for volunteers within the next two weeks at least as present plans in all probability will preclude its issuance within a fortnight if then.

THE NEXT FLEET FOR PHILIPPINES.

SAN FRANCISCO, July 1.—According to the Examiner the next fleet of transports for the Philippines will consist of the Peru, City of Puebla, Acapulco, Umatilla and Pennsylvania.

The Acapulco is expected at any time from Panama and upon her arrival she will be impressed by the government.

The Umatilla is due today from Puget Sound ports and it is said that she will be taken up on arrival.

The Pennsylvania is expected every day from Philadelphia and there will be no trouble securing her.

The Rio de Janeiro is due from China and Japan on July 5. She will be taken, but will reach here too late to go in the next expedition.

CRUSIER TOPEKA HAS PUT TO SEA.

NEW YORK, July 1—The United States cruiser Topeka went to sea early this morning, having undergone a thorough overhauling at the navy yard. The Topeka was built in Germany ten years ago for the Brazilian government, but was never delivered. Subsequently the cruiser, then known as the Diogenes, was reconstructed on the Thames river, where she was purchased for this government just before the breaking out of the war with Spain.

LOCAL LINES.

One drunk and one fighter were sent to jail by Mayor Scherer this morning.

Minnie Smith, daughter of Dairyman Smith, started out yesterday morning to deliver milk and did not return at the usual hour. An investigation showed that Jacob Miller, her lover, was also missing and inquiry at the county clerk's office developed that they had secured a marriage license and hied themselves to someone in authority and were married. There was no objection to the marriarge by the parents other than the age of the young people. The customers of Mr. Smith had been supplied with milk before the couple eloped.

DECIDED THE CASE.

The Trustees and Assessors Win Their Suit.

The Indiana Supreme Court Today Decided That the Law Was Constitutional—Extends Terms.

M. V. Walsh, township assessor, this afternoon received a telegram from Attorney W. W. Spencer, of Indianapolis, notifying him that the trustees and assessors had won their case in the supreme court.

That august body today declared the law passed by the '95 legislature to be constitutional.

By this decision the term of all the township trustees and assessors in Indiana are extended fifteen months and will hold over until 1900.

The law provides that these officers shall hold only one term and therefore the friends of Mr. Walsh will be pleased to know that his term is extended. He is one of the most competent assessors in the state.

NOTES.

The county board of equalization today sent out notices of the change in assessments made since the session began. Yesterday afternoon Col. I. N. Walker met with the board and talked over matters informally. Colonel Walker is a member of the state board of tax commissioners.

The panel work of the new court house will be devoted to historical figures and in order to assist the architect in suggesting designs the board of commissioners yesterday selected a committee consisting of Charles McCulloch, R. S. Robertson, J. A. Bass, R. C. Bell and C. T. Lane to talk the matter over with Mr. Tolan. It is possible that a committee of ladies will be added today.

The recorder and auditor were not accepting papers today without stamps and as there were no stamps to put on the papers business was dull in these offices.

In the superior court Helen and Clemence Carier were given judgment for $1,366 against John F. Curtice, et al.

Judge Watkins, of Huntington, was sitting in the superior court this afternoon listening to arguments on demurrer in the case of Hathorn and Miller, receivers of the Fort Wayne Electric corporation vs. the First National bank.

Services will be held at the Hebrew temple this evening. Simon Cohen, a student of the Hebrew Union college, will officiate. Divine services will be discontinued and the temple closed hereafter until the regular rabbi, Rev. T. Cohen, returns, which will be about the middle of August.

A clerk at Rurode & Co.'s last evening, about 8:30, saw a boy crawling over the transom in the rear of the store and yelled at him. The lad dropped and ran away. Superintendent Gorsline has information which leads him to believe that much of the petty thieving about the city is being done by small boys.

Miss M. M. Titus, of Charlotte, Mich., president of the Home and Foreign Missionary society of the United Brethren church, has returned home after a visit of two weeks with Mrs. Samuel Bare, of No. 17 West Leith street.

THE PEOPLE'S PARTY.

Will Meet September 5 to Nominate Presidential Candidates.

ATLANTA, Ga., July 1—The People's Party Paper today published an address from the national organization committee calling for a national convention at Cincinnati Monday, September 5, to nominate candidates for president and vice president, and outline a plan of campaign to cover the next two years in anticipation of the election of 1900.

The national reorganization committee was appointed by the populist convention at Nashville July 4, 1897, and that convention was called into existence by T. E. Watson to counteract the efforts of Senator Marion Butler, chairman of the national executive committee, for fusion with the democrats.

DIEDRICHS SAID NO

German Admiral Refused to Land Marines in Manila.

GENERAL AUGUSTI ASKED HIM TO DO SO.

BERLIN, July 1.—The following dispatch has been received from Hong Kong:

"According to trustworthy intelligence from Manila the Spanish governor general had a few days ago, at his own request, a meeting with Admiral Diedrichs, the commander of the German naval forces in the far east, in order to propose, in behalf of the Spanish government, that Manila should be handed into the provisional charge of a neutral commander. The proposal was rejected by Admiral Diedrichs in view of the American blockade."

REPUBLIC PROCLAIMED IN THE PHILIPPINES.

LONDON July 1.—A representative of General Aguinaldo, the leader of the Philippine insurgents, who served with him during the last insurrection and who is now in London, is quoted in an interview as saying that before Aguinaldo left Hong Kong he promised Rear Admiral Dewey (then commodore) not to enter Manila until the arrival of the American troops.

Aguinaldo's representative adds that he has just received a dispatch from Cavite saying a republic has been proclaimed there by Aguinaldo, under the protection of the United States and approved by Great Britain and Japan.

Continuing, the representative of the Philippine leader asserts that he has been to Berlin, where he saw the under secretary for the foreign office, who declared that all Germany wanted was that the existing import tariff would not be altered by a republic being established in the Philippine islands, or, at least, that preference should not be given to any other nation.

COGENT REASONS ARE GIVEN BY CERVERA.

LONDON, July 1.—The Pall Mall Gazette's correspondent in Madrid telegraphs from that city today saying that coldness exists between Captain-General Blanco and Admiral Cervera, adding that Blanco ordered Cervera to leave Santiago de Cuba and the admiral replied that he would be glad to leave but his guns were dismounted, he was without coal and the American admiral was waiting outside.

REPORT THAT CAMARA HAS PASSED THE CANAL.

MADRID, July 1.—Noon.—According to a dispatch received today at the Spanish ministry of marine, Admiral Camara, in command of the Spanish fleet recently at Port Said, Egypt, has passed through the Suez canal apparently on his way to the Philippine islands.

SAY CAMARA IS YET AT PORT SAID.

LONDON, July 1.—The dispatch from Madrid saying the Spanish ministry of marine had received a message to the effect that Admiral Camara had passed through the Suez canal with his fleet is discredited on all sides here. The officials of the United States embassy say it is known positively that Admiral Camara and his fleet had not entered the Suez canal this morning and, therefore, they point out, it is impossible for his vessels to have traversed the canal.

SHAFTER PREPARES TO CAPTURE SANTIAGO.

(Copyrighted, 1898, by the Associated Press.)

OFF JURAGUA, Province of Santiago de Cuba, Thursday, June 30, 7 p. m., per the Associated Press dispatch boat Wanda, via Port Antonio, Jamaica, July 1, 6 a. m., and Kingston, Jamaica, July 1, 8:15 a. m.—Over fifteen thousand American soldiers, including all the regular troops now operating in Cuba, and three volunteer regiments, supported by four thousand Cubans under General Garcia, lie tonight within view of the Spanish entrenchments north and east of Santiago de Cuba, ready for a forward movement in the morning, which may lead immediately to a general assault upon the city.

The advance will be made by General Lawton's division forming the right wing and if the Spaniards show signs of retreating or circumstance otherwise warrant it General Wheeler's division and General Kent's division doubtless will join in the advance and endeavor to drive the Spaniards before them and enter the city.

While the movement may n... reach this extent tomorrow its p...pose is to force the 5,000 men General Lawton's command miles further forward than the... now, take the little village of ... and occupy the ridge overl... the city and harbor, from whic... artillery fire can be rained upon Spanish entrenchments in front ... the city and upon the large bod... Spanish soldiers holding them.

It may be that the Amer... may be satisfied to accomplish ... movement in one day and then po...n further advance unti... light artillery and siege guns can ... placed in position on the ridge an... preparations can be made to pour deadly fire of shell and shrapn... into the entrenchments, dislodgin... the enemy and enabling the mai... body of the American forces t... carry the city by storm.

It is believed that at the same time General Lawton advances General Kent's division of the left wil... attack Aguadores on the seacoast, four miles east of Morro castle, which would give our army a base much nearer Santiago than the present one at Juragua.

The Third and Twentieth infantry the last regulars to remain at Juragua went to the front today and t... Thirty-third Michigan and one battalion of the Thirty-fourth Michigan will break camp early this morning and join General Kent's division on the sea coast, leaving nothing at Juragua except supplies and a large field hospital in charge of the chief surgeon of the corps, prepared to attend the wounded who may be sent there from the field hospitals at the front.

With our troops closing in on the Spanish entrenchments and lying almost at the gates of Santiago, supported by the great fleet of our warships, lying just outside the entrance of the harbor prepared to demolish the Spanish shore batteries if they attempt to stop the progress of our army, the fall of the city of Santiago de Cuba seems to be near at hand and the great majority of our soldiers, sleeping tonight on the eve of events which are to occur tomorrow, believe the American flag will float over Santiago on our nation's birth day, on Monday next.

OUR friend, John W Baker, editor of the Columbia City Commercial, is a candidate for the nomination for joint senator from Whitley and Kosciusko counties He should have the honor by merely indicating his wish for it Editor Baker's republicanism is of the steadfast kind that deserves well of the party He has been turned down frequently for men less worthy and it is time he was rewarded

ACCORDING to First Assistant Postmaster General Heath, the rural free delivery system, which has been the subject of experiment, has proved enough of a success to warrant its continuation. The present routes will be maintained, and special agents of the postoffice department will search for localities in which rural free delivery can be maintained with the least cost and with the greatest efficiency. The postman going his rounds, not merely in city streets, but up hill and down dale in the country, leaving letters and papers at the farmer's door, is likely to be a feature of the great American landscape before long

THE death, in Chicago, of Michael Schwab, momentarily revives interest in the terrible Haymarket riots, which occurred on the 5th of May, twelve years ago Schwab was one of the leaders of the violent school of anarchists and an associate editor of the Arbeiter Zeitung. With Spies, Parsons, Lingg, Fischer, Fielden and Neebe, he was tried for the murder of those policemen who were killed by the deadly bomb hurled that fateful night. All were found guilty. Spies, Parsons and Fischer were executed November 11, 1887. Lingg blew his head off in the Chicago jail with a fulminating cap. Fielden and Schwab were sentenced to death, but received clemency on account of their families and the sentences were commuted to life imprisonment. Neebe was sentenced to fourteen years. During the summer of 1893 Governor Altgeld pardoned Schwab, Fielden and Neebe. Schwab was at once given his old position as editorial writer on the Arbeiter Zeitung, but after a time fell out with his employers and lost his place. He was not violent enough proved it He went somewhat deeper into political economy than anarchists usually go, read Ricardo and Mill and Adam Smith as well as Proudhon, Bakunin and Lassalle He modified his notions of the fittest means of improving conditions around the earth. He even reached the conclusion that violence, rapine, murder, chaos, probably did not constitute the ordained method for the regeneration of the world. In short Michael Schwab had ceased to be an anarchist It was so with Fielden and with Neebe, both of whom, like Schwab, had strong but rude talents, without Schwab's taste for books and reflection Poor Schwab's health failed him, consumption attacked his frame and he died in direst poverty, leaving a wife and four children dependent upon the state and the society he once cursed and sought to destroy. Schwab and his fellows bore a great part in a tremendous lesson For a time at least his memory will be historical.

ANNUAL REPORT.

Mr. Foster Presents School-Fund Interest Figures.

He Has Accumulated Over $4,000 for Public Purposes—What He Purposes to Do With It.

To the Public

I beg to submit herewith my second annual report, showing the amount received by me as interest on the school funds for the year ending June 30, 1898.

July 1 1897, balance on hand		$1 637 00
December 18, 1897, interest received	$ 118 16	
December 24 1897 interest received	89 00	
January 7, 1898, interest received	95 11	
June 1, 1898, interest received	107 53	
June 17 1898 interest received	271 4	
June 29 1898 interest received	161 00	
June 30 1898 interest received on interest	126 48	
		$1 879 74

To this interest fund has been added my salary as trustee during my term of office except the salary for the first six months, which was expended when received for books which were placed in the public library. The salary account is as follows:

Salary 2½ years at $250 00	$ 625 00	
Interest on same	44 14	
		$ 669 14
The amount of the salary account added to the interest receipts makes the total amount on hand July 1 1898		4,167 95

The public will naturally ask what will be the final disposition of this money. My original plan was to keep the fund accumulating until it should become large enough to purchase ground and erect thereon a public library building which would be a credit to the city. "Circumstances over which I had no control" have however deprived me of the privilege of accomplishing this, and the purpose for which the money will ultimately be used must depend necessarily upon what the future may disclose. Should my successors in office continue the policy of setting aside the interest received I shall be glad, when the proper time comes, to unite with them in using the money for a library building or for such other public purpose as may seem best. Should a different policy be pursued I will of course be compelled to abandon the idea of a library building and forced to use the money in some other way for the public benefit. For the present the fund in my hands will be kept safely invested and at interest and a report made each year of its amount. In order to anticipate the inquiry it may not be out of place for me to add that I have made provision so that in case of my death before this money shall have been used it will not become a part of my estate but will be put to such public use as my executors may determine.

Respectfully submitted,
SAMUEL M. FOSTER.

Commencement Exercises of the Fort Wayne Business College at the Temple.

The Masonic Temple was crowded to the doors last evening with people who desired to witness the commencement exercises of the Fort Wayne Business college. Rev. A. K. Zartman, D. D., delivered the invocation and then followed a short address by Rev. T. J Johnson. The class address was delivered by Dr C B Stemen, in which he spoke of the great things to be accomplished by the young men and women who were today leaving the schools of the country. He talked to them on the duties of business and professional life and said that much more was expected from the rising generations than of the ones which had gone before. He said the city should encourage all its educational institutions, especially the business colleges which send into the world citizens who are to attend to the affairs of probably many citizens

Frank Kenneth Hills delivered the valedictory, which was well received by the large audience. County Superintendent F. J. Young presented the diplomas and then the audience sang "America" and adjourned.

A reception was tendered the graduates after the exercises in the college rooms, corner of Calhoun and Wayne streets

Mr and Mrs Charles L Wyland Reese left for their future home in Chicago yesterday afternoon They were showered with the congratulations of all their friends. The out-of-town guests who attended the wedding were Mr. and Mrs. W. W Fisk, of Columbus. Miss Alma Maley, of Edinburg. Miss Emma Holloway, of Indianapolis; Mrs. Frances Northway and daughter Laura, of Elkhart. Mrs. Norris Felt and daughter Ruby and son Elmer, of Elkhart Rev. and Mrs Smith and son Hanson, of Albany Mrs Reed, of Elkhart

...ze an Independent Company.

They Will be in Readiness to Respond to a Third Call—More Than Thirty Names Already Secured

A J. You is forming an independent company of soldiers which will offer itself to the government in case of a third call for volunteers. Many of the members of the new company are country boys who desire to fight in favor of the red, white and blue Some of them are young fellows who at one time were members of companies organized by Captains Hughes and Leonard About thirty names have already been secured and Mr. You will receive applications until his company reaches the limit When a third call is issued they will immediately offer their services and if the company, as a whole, is not accepted the men will be allowed to join any company in which they can enlist. It is Mr. You's hope to secure a company physically equal to any which has left the state.

LETTER FROM TAMPA.

Michael Kirn, of No. 7 Esmond avenue, is in receipt of a very interesting letter from Fred Strasser, a member of Company K, Eleventh infantry, U S A, dated Tampa, Fla., June 25. Among other things Mr. Strasser says: "People in the north think it is awful to see some person buried every day, but it doesn't compare with camp life, where two or three are placed in their last resting places every day. The day before we arrived here four soldiers died, and the next day one died from the effects of smoking cigarettes. One day a soldier accidentally exploded his rifle and the bullet passed through three tents, three canteens and a pine tree six inches in diameter and then through the heart of a young soldier four tents away, lodging in another tree. Lightning struck in the camp of a New York regiment and killed one person and injured twenty four others. There is not a paved street nor a respectable sidewalk in the town and no care is taken of the sanitary condition of the town. The boys are all hopeful and believe they will go to Porto Rico

KNITTERS COME IN.

Mr. Powderly Rules in Favor of the Wayne Knitting Mills.

Members of Local Labor Organizations Investigate and He Acts on Their Recommendation.

For more than a month an important matter has been discussed in local labor circles. The Wayne Knitting mills have imported two men from Germany to work on machines in the local factory, and they had been stopped by the immigration officials and held in New York pending an investigation. Henry E. Alexander came to Fort Wayne, talked to some of the members of the local unions and then left Later Immigration Commissioner Powderly telegraphed here to find out the position of labor organizations in the matter. Telegrams of explanation were forwarded to him and the Knights of Labor and the Trades and Labor council appointed committees which were allowed to visit the mills and make inquiry. The K. of L. reported in favor of allowing the men to come some time ago, but only last Monday did the Trades and Labor council committee complete its investigation. They also found that the company was not violating any law in the importation of the men as it was impossible to get competent men in Fort Wayne and the knitters at work in the factory at present were not in any hurry to teach Fort Waynites the mysteries of the knitting machines. Secretary Steiss, of the Trades council, was instructed to notify Mr. Powderly of the result of their investigation and this was done. On Wednesday the immigration commissioner ordered the men released. The Cincinnati Enquirer has the following telegram from Washington, which explains Mr. Powderly's action:

"Commissioner General of Immigration Powderly today decided the case of the Fort Wayne Knitting mills and the decision bears out the predictions made in these dispatches The men detained at New York are ordered to be released, and they will be permitted to go to Fort Wayne at once and begin the labors for which they were brought over. These two men, Ernst Thierfelder and Richard Becher, were imported from Germany by the Fort Wayne Knitting mills and landed in New York May 24 on the Bremen steamer Koenigin Louise. They were at once detained on complaint being lodged, it is alleged, by a business rival of the Fort Wayne concern Immigration Inspector Henry E. Alexander, then stationed at Cincinnati, was sent to Fort Wayne to make an investigation. After looking into the case thoroughly, he reported that the case came within the exemptions provided for in the act of 1885, and that the firm had not violated the law.

"The only question at issue was whether or not the industry was a new one, as provided for by section 5 of the act of 1885, and upon this point the commissioner general sought his testimony. The hosiery made by the firm in question was knit by a peculiar process, and although it had been in business for seven years it was contended that nothwithstanding that fact there were no workmen obtainable in the United States who could operate the machines which had originally been imported from Chenwitz, Germany. The contention of the firm seemed to be borne out by all the evidence, and any doubt the commissioner general may have had was removed yesterday when he received an official communication from the ... Fort Wayne.

"This communication was signed by a committee consisting of L C. Kasten and Herman A. Schuman, who had investigated the subject and the officials of the organization. These labor leaders upheld the contention of the knitting company and showed that it was impossible to secure the skilled laborers required in this country. Thereupon Commissioner General Powderly made the ruling promulgated this afternoon He held that the case came within the exemption section of the alien labor contract law; that the industry was a new one, and that the skilled laborers being otherwise unobtainable, it was legal to import them. The men were immediately ordered to be released and sent to Fort Wayne."

VICTORIOUS NAVY.

Go to the Temple and Hear About It Tonight.

Byron Williams' Lecture Will be a Treat—Proceeds for the Benefit of the Fort Wayne Soldiers.

No part of our national greatness is so much admired as our brave, beautiful and powerful navy, and no part is so little understood by the average citizen, especially those who live in the interior and so are far remote from naval scenes

When our soldiers come marching home, they will have many a story to tell of saucy torpedo boats and mighty battle ships and terrible cruisers, and of the brave sailors and gallant marines that lead the way to victories beyond the seas.

With this in view the G. A. R. entertainment committee gladly engaged Byron Williams to deliver his famous illustrated lecture on "Our New Navy," which is not only a deep study of the philosophy of our sea power, but also a thrilling description of our navy's growth and purpose. This enchanting lecture is the result of years of study and travel, during which many months were spent on the war ships and in the yards where they are made.

The committee confidently promise the most delightfully artistic and patriotic entertainment ever presented to the people of Fort Wayne.

This lecture has been given from the highest platforms of twenty-five states and always with complete satisfaction for the hundreds of thousands of approving auditors.

In New York the Herald pronounced it "simply magnificent;" the World, "highly interesting;" the Seaboard, "exquisitely beautiful" and "delightfully elegant."

In Washington, D. C, the Star ranks it "a leading light;" the Army and Navy Register, "a great success."

Wherever presented the author has won admiration and respect.

The committee further desire the public to know that the entire net proceeds will be devoted to the immediate comfort of the three companies now in the field from Allen county. In no other way can the citizens of Fort Wayne so pleasantly help their soldier boys as by attending the lecture on "Our New Navy," in which they will both hear an eloquent address and see 125 views of the navy in the finest style that art can produce.

ANTI-CANTEEN MEETING.

Will be Held at the Berry Street Church Next Sunday Afternoon.

All over the United States the ladies of the W. C. T. U. are making an effort to drive liquor out of the soldiers' home and the army. The ladies' of Fort Wayne have taken an interest in the matter and will hold a large mass meeting next Sunday afternoon at the Berry street M. E. church at 3 o'clock. Addresses will be made by Dr. Henson, of the Baptist church, Rev. T. J. Johnson, of the Simpson M. E. church, and Dr. Ferguson. Mrs. Hall, the famous singer, will entertain those present with several appropriate songs. The W. C. T. U. invites all the citizens of Fort Wayne to attend this meeting and assist them in driving the enemy of mankind from the army.

Indiana Troops Mobilizing

INDIANAPOLIS, July 1—The twelve companies that will make up the One Hundred and Sixty-first Indiana regiment, furnished under the second call, will all be in camp here by Saturday eveving. The company from Rushville came in this afternoon, and the Mount Vernon and Jeffersonville companies will arrive early in the morning. William T. Durbin was commissioned as colonel of the regiment today. After all the effort that was put forth to make places for two independent colored companies from this state, officered by colored men, only 100 have responded out of the 212 wanted. Captain J. J. Buckner went to Marion today to get a squad of men, but failed to find any willing to enlist.

Miss Georgia Harker, who has been the guest of Mr. and Mrs. Frank Riblett, returned last evening to her home at East Liverpool, Ohio

A CLOSE GAME.

Fort Wayne Won From Mansfield in Ten Innings.

Herr and Kellum Were Batted Hard and the Outfielders Accepted Many Chances—Notes.

Fort Wayne won a close and exciting game from Mansfield yesterday. Herr and Kellum were opposing pitchers and both were batted hard, the outfielders accepting more chances than in any other game played on the Lakeside grounds this season. Herr was hit the hardest early in the game and the visitors for a time looked like winners, but the big fellow settled down and was more effective in the last innings, while Kellum was batted hardest in the end. Herr was not only in the game as twirler, but his batting had much to do with landing the Hoosiers on the big end of the score England umpired a better game than usual, although he was not perfect by a long ways. The score

NOTES.

Dr. Brott attempted to steal second ... out ... by T... C..., all that Spencer almost went to sleep waiting to touch him.

Fort Wayne is making a record on extra inning games.

Grand Rapids is having heaps of fun with Toledo these days.

Belden is improving in batting and is becoming more valuable on the team every day.

The outfielders on the two teams accepted twenty-five chances Flournoy and Hickey had twelve putouts in center field.

Katz is the same old jolly fellow as of yore. He has plenty of fun with the "rooters" and never gets mad. The old boy can bat some, too

Mansfield is playing as fast ball as any team in the Inter State league and patrons will always get a run for their money when they are the opposing players.

Mansfield News. "Babb didn't have a very busy day at third, but when anything came his way he attended to it in good style.—Fort Wayne has a nice team and it should be higher in the race."

Toledo Bee: "The Toledo team is, this season, living up to its past reputation. Charlie Strobel says he has requested that the next pennant be white. He has already won a red one and a blue one and now he wants the whole American flag. His stars will remain in the team."

Burnett is batting in much better form than at the commencement of his services with the team. He did wrong yesterday, however, in turning on Belt at the bat and threatening him with an oath. Belt is a very fresh young man and probably deserves to be chastised, but the place to do it is not at the home plate during a game.

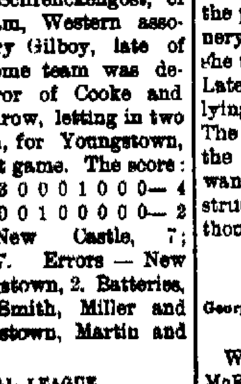

New Castle Exchange: "Poor old Youngstown seems to be the dumping ground of the league for players who are not needed by the other teams. Only four men who have worn the New Castle uniform are on the team. They are Russell, Steen, Ross and Gilboy, who played with them for the first time." He held down the right garden. Cooke, late of the Fort Wayne team, is playing left for Russell's aggregation. He has a bad wing and a hit to his territory is good for two bases. He knows his weakness, however, and is resigned, for when the bleachers asked why he was not with the Indiana team, replied that he wasn't good enough." A bad wing, eh? That's good.

AN OPERATION AVOIDED.

Mrs. Rosa Gaum Writes to Mrs. Pinkham About it. She Says:

DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines to inform you of the good your Vegetable Compound has done me I cannot thank you enough for what your medicine has done for me; it has, indeed, helped me wonderfully. For years I was troubled with an ovarian tumor, each year growing worse, until at last I was compelled to consult with a physician. He said nothing could be done for me but to go under an operation

In speaking with a friend of mine about it, she recommended Lydia E. Pinkham's Vegetable Compound, saying she knew it would cure me. I then sent for your medicine, and after taking three bottles of it, the tumor disappeared. Oh! you do not know how much good your medicine has done me. I shall recommend it to all suffering women.—MRS. ROSA GAUM, 720 Wall St., Los Angeles, Cal.

The great and unvarying success of Lydia E. Pinkham's Vegetable Compound in relieving every derangement of the female organs, demonstrates it to be the modern safeguard of woman's happiness and bodily strength. More than a million women have been benefited by it.

Every woman who needs advice about her health is invited to write to Mrs. Pinkham at Lynn, Mass.

ONE DEAD, TWO DYING.

Shocking Results of An Early Morning Blaze in Philadelphia.

PHILADELPHIA, Pa., July 1.—One life was lost and two persons are lying at the point of death as a result of a fire early this morning in the dwelling house of Patrick H. Flannery, 362 Locust street, West Philadelphia. The fire was started by the ignition of coal oil, with which Mrs. Flannery was bathing her arm to relieve rheumatic pain. The flames spread rapidly and a child was burned to death before it could be rescued.

Flannery was probably fatally burned in attempting to rescue other members of the family. During the progress of the fire Mrs. Flannery disappeared. It was thought she too had been burned to death. Later, however, she was found lying in the street near the house. The woman had become crazed by the loss of her child, and while wandering through the streets was struck by a trolley car and is also thought to be fatally injured.

NEW SECRETARY.

George Bruce Cortelicou Appointed Assistant to the President.

WASHINGTON, July 1.—President McKinley today appointed George Bruce Cortelicou, of New York, assistant secretary to the president, to fill the additional position of that grade recently created by congress. For nearly three years Mr. Cortelicou has been the chief executive clerk to the president.

He was born in New York city July 26, 1862, and belongs to one of its oldest families, who played a conspicuous part in the colonial and revolutionary history of the country. His grandfather, C. Pert Cornelius Cortelicou, for forty years a member of the great type founding firm of George Bruce & Co., and his father, Peter C. Cortelicou, jr., were prominent figures in New York's business and social circles a generation ago.

PLATT AND CROKER JOIN.

Indications That They are Now Agreed in New York.

NEW YORK, July 1.—The vacancy in the board of police commissioners was filled today by the appointment by the mayor of Henry E. Abell, a Brooklyn republican of the regular organization, to succeed William E. Phillips. Immediately after the new commissioner was sworn in he went to a meeting of the board, which appointed Wm. S. Devery chief of police.

Chief Devery was deputy chief under Chief McCullagh and was made acting chief when the latter was retired. The mayor also appointed today John P. Windolph, the republican leader of the fifteenth assembly district, as an aqueduct commissioner, to succeed Charles H. Murray. These appointments indicate that hostilities between the Platt machine and the municipal administration have been discontinued.

Messrs. J. D. Hickey, L. W. Koontz and E. Cripe, of Liepsic, Ohio, were in the city yesterday to contract with the Robison park management for a big excursion to this city July 12. They expect to bring no less than 1,200 excursionists to town

LABOR MEN AT WAR.

John J. Finnegan, of Chicago, Falls a Victim of Jealousies

CHICAGO, July 1.—John J. Finnegan, president of the American Federation of Steam Engineers, is at the county hospital with a fractured skull, the result of an attack upon him by some supposed-to-be members of the stone cutters union.

He may not recover. Finnegan was found unconscious on the third floor of 183 Washington street and it is thought he had been hurled down stairs from the floor above.

John A Webber, a member of Finnegan's association, was assaulted by the same men and is at home with a broken leg

For several months the Stonecutters' union has had a grievance against the engineers who are employed in stone yards. A committee from each union was to have met at 183 Washington street to settle the difficulty. When Finnegan and Webber appeared at the meeting place they were attacked by a number of men. These men, it is said, belonged to the Stonecutters' union. After the assault they disappeared

Mr. and Mrs. Charles Kickley, of Fairfield avenue, were most agreeably surprised last evening when a number of friends and relatives invaded their home to remind them of their tenth wedding anniversary. Many presents were recived Music was the feature of the evening. Light refreshments were served.

At 8 o'clock this evening will occur the marriage of Charles Wetherred and Miss Jessie Aiken, at the Christian church, corner of Jefferson street and Fairfield avenue. Only the immediate friends and relatives will be present. Mr. Wetherred is the pressman at the Newspaper Union and Miss Aiken is one of Fort Wayne's charming young ladies and their many friends unite in wishing them a long and happy life.

The Loyal Cycling club made a run to New Haven last Sunday morning in which nearly every member participated. The club will run to Wallen next Sunday and all those who wish to go are requested to meet at the Wells street bridge promptly at 5 o'clock. There is no doubt but that these early morning runs are very popular with the members, and the rule for not waiting for any one has the desired effect of getting every one at the meeting place on time so that the runs can be made within the . . .

WHEELS GO ROUND.

The Bicycle Bobs Up to Worry the Authorities.

Bicycle Club Will Circulate a Petition Asking for Repeal of Vehicle Tax—Municipal Notes.

The bicycle dealers of the city held a meeting last evening in the Black Pelter rooms on West Wayne street and unanimously determined to make a fight for the repeal of the vehicle tax Each dealer will handle a petition asking for the repeal of the ordinance and this morning one dealer informed THE SENTINEL that a petition with the names of 6,000 bicycle riders on it would be presented to the council within a short time The bicycle riders themselves are divided on the proposition to repeal the tax Many believe the tax is just the thing if it is impartially enforced and Comptroller Berghoff says that it will be strictly enforced as soon as a new supply of tags arrive If there are 6,000 wheels ridden in Fort Wayne that would mean a revenue of $6,000, which would repair all the streets in the city if collected Most of the dealers rent wheels and are compelled to purchase tags for from fifteen to thirty wheels which are rented This makes it a hardship they claim The dealers, it is intimated, also threaten to see that every ordinance on the statute books is enforced. If they follow this plan there will be a warm time in Fort Wayne during the next few weeks

BOARD OF WORKS.

The meeting of the board of public works last evening was not an extended one

The contract for building a sewer between Third and Fourth streets, from Barthold street to the west line of Clark's addition, was awarded to Anton Rieg His price was 42 cents per lineal foot, the other bids were John Draker, 51 cents, and Moellering & Co, 48 cents. Rieg was also lucky in bidding on the sewer in the alley north of High street, from Barthold to Wefel, and lateral branches. He was given the contract at 52 cents, Moellering and Draker bidding 55 cents each.

The engineer was ordered to prepare plans for sidewalks on the east side of Winter street, from Hayden street to the Pittsburg railway, and for paving Brackenridge street with asphalt, from Calhoun street to Fairfield avenue. This latter improvement has been under consideration for some time, having been petitioned for several times in the past two or three years. The board finds that, after completing all pavements now under contract or projected, there will be enough money on hand to warrant further improvements, and decided to grant the wishes of the property owners on Brackenridge street. The street is narrow and the cost of the improvement will be very small.

FIKE FOUND.

He is Accused of Stealing a Watch From Emanuel Lewis.

Deputy Sheriffs Stout and Lindemuth Arrested Fike in Aboite Township Today.

This afternoon Deputy Sheriffs Stout and Lindemuth arrested George Fike out in Aboite township and lodged him in jail The prisoner is charged with stealing a watch from Emanuel Lewis, of Spy Run avenue, last Wednesday. Last evening Sheriff Melching found the "ticker" at the second hand store of Horace Mariotte, where it was left as security for a loan, and this morning the sheriff started his deputies out in search of the man who pawned the watch At the Bootjack saloon Messrs Stout and Lindemuth learned that a man answering the description of the thief had driven past that place early in the morning and, pursuing the trail, they overhauled Fike about seven miles from the city. While at the "Bootjack" Fike attempted to work his old racket of promising to bring eight or ten boarders to the place and on the strength of this promise borrowed a half dollar or more.

FREIGHT AGENTS MEET

The local freight agents held a meeting this forenoon to decide upon some method of affixing revenue stamps to bills of laden and shipping receipts and to discuss other matters of importance Instructions to the agents are to the effect that the railway companies will furnish one stamp for the first bill of laden and the shippers must furnish stamps for all the duplicates It is estimated that the seven roads in this city will spend at least $10 per day for revenue stamps.

A VICTIM OF THE FOOTADZE

James A. Baysinger, a car builder employed at the east shops, will be disabled for several weeks, due to an accident while using that useful but most dangerous tool, a footadze. The adze glanced and its sharp edge entered Mr Baysinger's right leg, an inch or two above the ankle, inflicting a very ugly wound.

company at different points have been notified that the Pullman conductors will affix the revenue stamps to the sleeping car tickets when collected, thus avoiding any trouble on the part of the ticket agents, the Pullman company paying for the stamps

This morning the work of making the iron for 100 gondola cars of 100,000 pounds capacity was taken up in earnest by the Pittsburg blacksmiths, all the dies and patterns having been completed One of these cars furnishes nearly as much work for a blacksmith as does a class R or class X locomotive

Samuel M Taylor, the Pennsylvania train dispatcher, and his son Richard, the messenger boy at the Pennsylvania main offices, left this morning for London, Ontario, to visit relatives They expect to be away from home about two weeks

J A Walters, traveling freight agent of the Missouri, Kansas and Texas, was in the city yesterday.

Eastern freight men have agreed upon the wording of a circular which is to be issued to shippers by each of the roads It is in effect a notice that the railroads will pay for but one revenue stamp for each shipment. If the shipper desire a duplicate in any form, he must pay for the stamp which is necessary to make it a legal document

President Milton H Smith, of the Louisville and Nashville railroad, yesterday sent out the official notice of the restoration of one-half of the reduction of salaries made in August, 1893. The remainder will be restored January 1, 1899 The advance took effect yesterday, and will affect about 18,000 men. It will require $500,000 a year additional to pay the increased wages

The first combination chair and sleeping car was built at the suggestion of H M Bronson, now assistant general passenger agent of the Indianapolis, Bloomington and Western He secured the consent of General Manager Henderson to have one built as a test, and at once the car became so popular that the Indianapolis, Bloomington and Western company ordered fourteen built Later a number of southern roads adopted the car, and through their influence the Pullman company commenced building combination chair and sleeping cars.

A GENERATION OF PAIN

MISSOURI MAN SUFFERS 25 YEARS WITH RHEUMATISM.

Cured by the New Remedy Gloria Tonic

A man never grows so old that he can get accustomed to the pains of rheumatism An old gentleman 70 years of age went through 25 years of constant suffering until he tried the new remedy Gloria Tonic It cured him as it has all those who have heard of and used this remarkable medicine The testimonials received are a record of efficacy and permanency of cure such as rarely comes to the discoverer of a new remedy The proprietor of Gloria Tonic first tried it in his own case His feet were so swollen that he was unable to walk He had always been more or less troubled with rheumatism, but when he became helpless he ran across Gloria Tonic and cured himself so quickly and completely that he began advertising it in household newspapers In the past two years several thousand rheumatics have been restored to permanent health If you have even a mild touch of the disease ask your druggist for this splendid and unfailing remedy

Gloria Tonic is made by John A Smith, Summerfield Church Building Milwaukee Wis who will gladly send testimonials to those who are suffering from rheumatism A box of Gloria Tonic will be sent prepaid by mail if your druggist won t get it for you Price $1 00 In localities where Gloria Tonic is not thoroughly known a free trial package and testimonials will be mailed upon application to John A Smith 313 Summerfield Church Building Milwaukee Wis

WELL FED, WELL BRED.

Proper Food Makes Brainy Men and Beautiful Women

To know just what to eat is a problem for many people who find their strength and health not keeping up to a proper stage. From food we must expect our bodily nourishment and not from drugs. True a physician's care is required at times, but the true physician will always seek to put his patient on properly selected food and drink.

A food expert has discovered Grape Nuts by experimenting on the treatment of grains to artificially pre digest the starches, the principal part. Grape Nuts as now made by the Postum Cereal Co., Lim., of Battle Creek, Mich., and sold by grocers generally, is a delicious dainty, suitable particularly for the brain worker, as it quickly supplies the part of food the body needs to supply the daily loss produced by brain work. Unless the right food be furnished and properly digested, the individual discovers a gradual fading and some form of disease sets up.

Users of Grape Nuts discover that they assist in the digestion of cream and other food and that a well fed feeling follows their use.

WHEN The MEN'S SUITS We Sell At $7.50, $10.00 AND $15.00

Bring about $2 50 more a Suit at other clothing stores it's pretty hard to figure out how you are going to make any money by buying them, [do]n't it?

WHEN A reliable clothing house carrying the best stock in the city offers Boys' Medley Suits worth $4 00 for only $3 00, wisdom would dictate a purchase, wouldn't it?

WHEN You can buy at Sam, Pete & Max's for $2 00 all wool, double breasted Suits, 8 to 15, which are selling otherwheres for $3 00, it would seem useless to waste time at other places, wouldn't it?

WHEN The mothers of boys who want to join the navy and fight Spain can buy their Suits here in sizes from 8 to 16, for only $4 00, going somewhere else and paying $5 00 for same Suit it wouldn't seem good judgment, would it?

WHEN Negligee Shirts which we sell in a variety of styles for only 50c, $1 00 and $1 50 are selling for more money elsewhere, we would seem negligent of your opportunities if you did not buy a few, wouldn't you?

WHEN Nobby Hats in all styles—Derbys, Fedoras, Crashes, Crushes, Crushers, Straws, etc., can be bought here for so little money, it would be foolish to go bareheaded, wouldn't it?

WHEN You purchase at lower prices than others charge goods of a higher grade and have the truth told about ... straits ... sheer waste of time and money to trade anywhere but at Sam, Pete & Max, doesn't it?

GEN LAWTON LEADS.

The Gallant Fort Wayne Soldier to the Front of Battle.

CAREER OF THE MAN WHO LEADS ATTACK.

WASHINGTON, July 1.—The battle has begun. This was the startling news conveyed in the following brief dispatch from General Shafter at 10 o'clock this morning:

"Action now goin on. The firing only light and desultory. Began on the right near Caney. Lawton's division, he will move on the north-east part of town of Santiago. Will keep you constantly advised of progress."

Brief as it was it told the whole story, that the first shots of the long expected crash of arms, probably the first great land engagement of the war, was under way. It sent a thrill through official circles, from highest to the lowest. Secretary Alger was the first to read it.

He passed it to General Corbin, adjutant general of the army, and directed him to take it at once to the white house.

General Corbin went to the president, carrying the original dispatch. He was back shortly, and then a bulletin was posted giving the dispatch verbatim. Until then, only the higher officials had known that the decisive hour was at hand.

After the first announcement of Shafter was bulletined the time dragged wearily, with nothing from the field to answer the intense anxiety to which everyone was wrought.

General Shafter's assurance that he would keep them continually advised of the progress gave promise of early details. It had been arranged that they should go first to the white house, while the cabinet was in session, and then should be bulletined so far as warranted.

The officials showed every disposition to keep the public completely advised of actual occurrences.

According to General Shafter's report the attack on Santiago was begun by the second division of the fifth army corps, commanded by Brig. Gen. H. W. Lawton. This division consists of three brigades, made up as follows:

First Brigade—Commanded by Col. J. J. Vanhorn; Eighth United States infantry, Twenty-second United States infantry and Second Massachusetts infantry.

Second Brigade—Commanding officer unknown, but supposed to be Colonel Bates; First United States infantry, Fourth United States infantry and Twenty-fifth United States infantry.

Third Brigade—Commanded by Brig. Gen. A. R. Chaffee; Seventh United States infantry, Twelfth United States infantry, and Seventeenth United States infantry.

It thus appears that the entire division which opened the hostilities of the day is composed entirely of regular troops, seasoned and experienced in battle, with the exception of the Second Massachusetts volunteer infantry, which is regarded as one of the best volunteer organizations of the army.

GENERAL LAWTON A FORT WAYNE BOY.

General Lawton, who is chosen for the important and responsible duty of opening the battle by the capture of Caney and the interception of Spanish reinforcements, now nearing Santiago, is described as a good fighter and a soldier full of experience and ability. He served in the Union army throughout the war, having entered as sergeant of Company E, Ninth Indiana volunteer infantry in April 1861, from Fort Wayne, Ind.; being successively promoted through merits on the field of battle to first lieutenant of the Thirtieth Indiana infantry in August, 1861; to captain in May, 1862, and lieutenant colonel in November, 1864. In March, 1865, he was breveted colonel for gallant and meritorious services during the war.

He entered the regular establishment in July, 1866, as second lieutenant of the first infantry (colored) and remained with that branch of the army until January, 1871, when he was transferred to the Fourth cavalry with which he remained until September 1888, when he was appointed inspector general with the rank of major. He was subsequently promoted to the rank of lieutenant colonel and held that rank until the opening of the recent war with Spain, when the president appointed him brigadier general of volunteers and assigned him to the command of a division of the Fifth army corps, commanded by General Shafter.

United States warships bombarded Manzanillo, on the Gulf of Acaybo on Thursday, inflicting much damage to the defences of the place. Spanish gunboats, according to this dispatch, opened fire upon the American ships, which then moved out of range.

The same dispatch reports that a balloon sent up from the American camp was seen from Santiago on Thursday. In the balloon were two men, seemingly taking observations of the Spanish fortifications about Santiago.

WITH SHAFTER'S INVADING ARMY.

(Copyright 1898, by the Associated Press.)

WITH THE UNITED STATES ARMY, five miles east of Santiago de Cuba, Thursday, June 30, noon, via. Playa del Este, Province of Santiago de Cuba, June 30, evening—The American forces, now numbering nearly 17,000 men, still occupy a position in a long line, five miles east of Santiago de Cuba, but no forward movement has been made during the past twenty-four hours, owing to the difficulty experienced in forwarding sufficient supplies from the base at Juragua and the fact that it has not been possible up to the present to send light artillery and siege guns to the front from Baiquiri.

Major-General Shafter is at the front and conducting the reconnoissance in person.

The American troops have made no attack as yet upon Aguadores or on the coast near the left wing of the invaded army, where the new base may be established later.

The town of Caney, which commands the land entrance into Santiago de Cuba, lies close to the American's right wing and will probably be taken without difficulty soon, as it is held by only a small guard of Spanish troops.

American scouting parties have been within a thousand yards of Caney without being attacked and the roads in that vicinity have been repaired and improved by our troops, indicating that artillery will be moved in that direction.

It is believed that the investment of Santiago de Cuba will follow the capture of Caney.

There are about five thousand Cubans operating with the American army at the front, and the Spanish force defending Santiago de Cuba is estimated at from 13,000 to 20,000 men. In addition, as cabled, General Pando, the Spanish military field commander, is marching from Manzanillo, 127 miles west, with about 8,000 men, and, unless checked by the small force of Cubans holding the mountain passes, he ought to reach Santiago, in his efforts to support General Linares, in a few days.

The American camps have been soaked by the recent rains and the roads are in bad condition, but our officers and men are confident they will be able to make a general attack soon and that Santiago will fall before them.

The cable was placed in operation this morning at Juragua, Alcatres and Siboney and communication is now open between the invading army and Washington.

A GREAT BATTLE IS ON.

Shafter's Army and Sampson's Fleet Make a Combined Assault on Santiago.

(Copyright, 1898, by the Associated Press.)

PLAYA DEL ESTE, Province of Santiago de Cuba, July 1.—11:20 a. m.—A general assault on the city of Santiago de Cuba, by the land and sea forces of the United States began at 7 o'clock this morning.

General Lawton advanced and took possession of Cabona, a suburb of Santiago. Morro Castle and the other forts at the entrance of the harbor were bombarded by our fleet.

The Vesuvius used her dynamite guns with good effect. The Spanish fleet in the harbor fired on the American troops who were very close to the city.

Hard fighting all along the American line was in progress at 11 o'clock. Nine wounded Cubans have been brought in.

THE FIGHT IS FURIOUS.

WASHINGTON, D. C., July 1.—A dispatch was read in the cabinet meeting from Colonel Allen in charge of the signal station at Playa de Este. He said that the fight was growing furious in all directions. At the time he sent the telegram eight Americans and nine Cubans had been wounded. The Spaniards were shelling the Americans as they advanced and Admiral Sampson's fleet was hotly engaged.

REPORT THAT SANTIAGO HAS FALLEN.

WASHINGTON, July 1.—A rumor was in circulation here this afternoon that Santiago had been captured, but at 2:15 p. m. Adjutant General Corbin said there were no dispatches here to bear out the rumor.

SPANISH ABUSE OF THE RED CROSS FLAG.

(Copyrighted, 1898, by the Associated Press.)

GENERAL KENT'S HEADQUARTERS, near Aguadores, June 30, 3 p. m., by the Associated Press dispatch boat Wanda, via Port Antonio, Jamaica, July 1, 6 a. m., and Kingston, Jamaica, July 1, 8:30 a. m.—The Spaniards in the front of General Kent's lines have adopted a new method of preventing him from firing on their works.

They have strung at frequent intervals Red Cross flags, the line being directly in view of their entrenchments. The object of this, it is thought at General Kent's headquarters, is to prevent the Americans from firing in that direction, or if the Red Cross is ignored, to spread the idea that the American soldiers are violating the rules of civilized warfare in firing upon hospitals.

SAGASTA LAUGHS AT PEACE RUMORS.

MADRID, July 1.—1:20 P. M.—Premier Sagasta in an interview today in regard to the peace rumors said:

"They are absurd. I am astonished that any attention is paid to them. There will not be, and cannot be any discussion in regard to this matter, I affirm this absolutely. The government can not treat for peace now. That notion depends on developments and the government will not act until the proper time."

NO THIRD CALL.

President Does Not Contemplate Asking For Volunteers Immediately.

WASHINGTON, July 1.—It can be stated positively that the president does not contemplate issuing a third call for volunteers within the next two weeks at least as present plans in all probability will preclude its issuance within a fortnight if then.

THE NEXT FLEET FOR PHILIPPINES.

SAN FRANCISCO, July 1.—According to the Examiner the next fleet of transports for the Philippines will consist of the Peru, City of Puebla, Acapulco, Umatilla and Pennsylvania.

The Acapulco is expected at any time from Panama and upon her arrival she will be impressed by the government.

The Umatilla is due today from Puget Sound ports and it is said that she will be taken up on arrival.

The Pennsylvania is expected every day from Philadelphia and there will be no trouble securing her.

The Rio de Janeiro is due from China and Japan on July 5. She will be taken, but will reach here too late to go in the next expedition.

CRUSIER TOPEKA HAS PUT TO SEA.

NEW YORK, July 1.—The United States cruiser Topeka went to sea early this morning, having undergone a thorough overhauling at the navy yard. The Topeka was built in Germany ten years ago for the Brazilian government, but was never delivered. Subsequently the cruiser, then known as the Diogenes, was reconstructed on the Thames river, where she was purchased for this government just before the breaking out of the war with Spain.

LOCAL LINES.

One drunk and one fighter were sent to jail by Mayor Scherer this morning.

Minnie Smith, daughter of Dairyman Smith, started out yesterday morning to deliver milk and did not return at the usual hour. An investigation showed that Jacob Miller, her lover, was also missing and inquiry at the county clerk's office developed that they had secured a marriage license and hied themselves to someone in authority and were married. There was no objection to the marriage by the parents other than the age of the young people. The customers of Mr. Smith had been supplied with milk before the couple eloped.

DECIDED THE CASE.

The Trustees and Assessors Win Their Suit.

The Indiana Supreme Court Today Decided That the Law Was Constitutional—Extends Terms.

M. V. Walsh, township assessor, this afternoon received a telegram from Attorney W. W. Spencer, of Indianapolis, notifying him that the trustees and assessors had won their case in the supreme court.

That august body today declared the law passed by the '95 legislature to be constitutional.

By this decision the term of all the township trustees and assessors in Indiana are extended fifteen months and will hold over until 1900.

The law provides that these officers shall hold only one term and therefore the friends of Mr. Walsh will be pleased to know that his term is extended. He is one of the most competent assessors in the state.

NOTES.

The county board of equalization today sent out notices of the change in assessments made since the session began. Yesterday afternoon Col. I. N. Walker met with the board and talked over matters informally. Colonel Walker is a member of the state board of tax commissioners.

The panel work of the new court house will be devoted to historical figures and in order to assist the architect in suggesting designs the board of commissioners yesterday selected a committee consisting of Charles McCulloch, R. S. Robertson, J. A. Bass, R. O. Bell and C. T. Lane to talk the matter over with Mr. Tolan. It is possible that a committee of ladies will be added today.

The recorder and auditor were not accepting papers today without stamps and as there were no stamps to put on the papers business was dull in these offices.

In the superior court Helen and Clemence Carier were given judgment for $1,356 against John F. Curtice, et al.

Judge Watkins, of Huntington, was sitting in the superior court this afternoon listening to arguments on demurrer in the case of Hathorn and Miller, receivers of the Fort Wayne Electric corporation vs. the First National bank.

A clerk at Rurode & Co.'s last evening, about 8:30, saw a boy crawling over the transom in the rear of the store and yelled at him. The lad dropped and ran away. Superintendent Gorsline has information which leads him to believe that much of the petty thieving about the city is being done by small boys.

THE PEOPLE'S PARTY.

Will Meet September 5 to Nominate Presidential Candidates.

ATLANTA, GA., July 1.—The People's Party Paper today published an address from the national organization committee calling for a national convention at Cincinnati Monday, September 5, to nominate candidates for president and vice president, and outline a plan of campaign to cover the next two years in anticipation of the election of 1900.

The national reorganization committee was appointed by the populist convention at Nashville July 4, 1897, and that convention was called into existence by T. E. Watson to counteract the efforts of Senator Marion Butler, chairman of the national executive committee, for fusion with the democrats.

DIEDRICHS SAID [illegible]

German Admiral Refused to Land Marines in Manila.

GENERAL AUGUSTI ASKED HIM TO DO SO.

BERLIN, July 1.—The following dispatch has been received from Hong Kong:

"According to trustworthy intelligence from Manila the Spanish governor general had a few days ago, at his own request, a meeting with Admiral Diedrichs, the commander of the German naval forces in the far east, in order to propose, in behalf of the Spanish government, that Manila should be handed into the provisional charge of a neutral commander. The proposal was rejected by Admiral Diedrichs in view of the American blockade."

REPUBLIC PROCLAIMED IN THE PHILIPPINES.

LONDON July 1.—A representative of General Aguinaldo, the leader of the Philippine insurgents, who served with him during the last insurrection and who is now in London, is quoted in an interview as saying that before Aguinaldo left Hong Kong he promised Rear Admiral Dewey (then commodore) not to enter Manila until the arrival of the American troops.

Aguinaldo's representative adds that he has just received a dispatch from Cavite saying a republic has been proclaimed there by Aguinaldo, under the protection of the United States and approved by Great Britain and Japan.

Continuing, the representative of the Philippine leader asserts that he has been to Berlin, where he saw the under secretary for the foreign office, who declared that all Germany wanted was that the existing import tariff would not be altered by a republic being established in the Philippine islands, or, at least, that preference should not be given to any other nation.

COGENT REASONS ARE GIVEN BY CERVERA.

LONDON, July 1.—The Pall Mall Gazette's correspondent in Madrid telegraphs from that city today saying that coldness exists between Captain-General Blanco and Admiral Cervera, adding that Blanco ordered Cervera to leave Santiago de Cuba and the admiral replied that he would be glad to leave but his guns were dismounted, he was without coal and the American admiral was waiting outside.

REPORT THAT CAMARA HAS PASSED THE CANAL.

MADRID, July 1.—Noon.—According to a dispatch received today at the Spanish ministry of marine, Admiral Camara, in command of the Spanish fleet recently at Port Said, Egypt, has passed through the Suez canal apparently on his way to the Philippine islands.

SAY CAMARA IS YET AT PORT SAID.

LONDON, July 1.—The dispatch from Madrid saying the Spanish ministry of marine had received a message to the effect that Admiral Camara had passed through the Suez canal with his fleet is discredited on all sides here. The officials of the United States embassy say it is known positively that Admiral Camara and his fleet had not entered the Suez canal this morning and, therefore, they point out, it is impossible for his vessels to have traversed the canal.

SHAFTER PREPARES TO CAPTURE SANTIAGO.

(Copyrighted, 1898, by the Associated Press.)

OFF JURAGUA, Province of Santiago de Cuba, Thursday, June 30, 7 p. m., per the Associated Press dispatch boat Wanda, via Port Antonio, Jamaica, July 1, 6 a. m., and Kingston, Jamaica, July 1, 8:15 a. m.—Over fifteen thousand American soldiers, including all the regular troops now operating in Cuba, and three volunteer regiments, supported by four thousand Cubans under General Garcia, lie tonight within view of the Spanish entrenchments north and east of Santiago de Cuba, ready for a forward movement in the morning which may lead immediately to a general assault upon the city.

The advance will be made by General Lawton's division forming the right wing and if the Spaniards show signs of retreating or circumstances otherwise warrant it General Wheeler's division and General Kent's division doubtless will join in the advance and endeavor to drive the Spaniards before them and enter the city.

While the movement may n[ot] reach this extent tomorrow its pu[r]pose is to force the 5,000 men [of] General Lawton's command [illegible] miles further forward than they [are] now, take the little village of C[aney] and occupy the ridge overlo[oking] the city and harbor, from which artillery fire can be rained upon [the] Spanish entrenchments in front [of] the city and upon the large bod[y of] Spanish soldiers holding them.

It may be that the Amer[icans] may be satisfied to accomplish [this] movement in one day and then [post]pone a further advance until light artillery and siege guns can b[e] placed in position on the ridge and preparations can be made to pour [a] deadly fire of shell and shrapn[el] into the entrenchments, dislodgin[g] the enemy and enabling the mai[n] body of the American forces to carry the city by storm.

It is believed that at the same time General Lawton advances General Kent's division of the left will attack Aguadores on the seacoast four miles east of Morro castle, which would give our army a base much nearer Santiago than the present one at Juragua.

The Third and Twentieth infantry, the last regulars to remain at Juragua went to the front today and the Thirty-third Michigan and one battalion of the Thirty-fourth Michigan will break camp early this morning and join General Kent's division on the sea coast, leaving nothing at Juragua except supplies and a large field hospital in charge of the chief surgeon of the corps, prepared to attend the wounded who may be sent there from the field hospitals at the front.

With our troops closing in on the Spanish entrenchments and lying almost at the gates of Santiago, supported by the great fleet of our warships, lying just outside the entrance of the harbor prepared to demolish the Spanish shore batteries if they attempt to stop the progress of our army, the fall of the city of Santiago de Cuba seems to be near at hand and the great majority of our soldiers, sleeping tonight on the eve of events which are to occur tomorrow, believe the American flag will float over Santiago on our nation's birth day, on Monday next.

To be slow and at the same time be sure is the best way of making haste. That's Shafter.

Our friend, John W. Baker, editor of the Columbia City Commercial, is a candidate for the nomination for joint senator from Whitley and Kosciusko counties. He should have the honor by merely indicating his wish for it. Editor Baker's republicanism is of the steadfast kind that deserves well of the party. He has been turned down frequently for men less worthy and it is time he was rewarded.

According to First Assistant Postmaster General Heath, the rural free delivery system, which has been the subject of experiment, has proved enough of a success to warrant its continuation. The present routes will be maintained, and special agents of the postoffice department will search for localities in which rural free delivery can be maintained with the least cost and with the greatest efficiency. The postman going his rounds, not merely in city streets, but up hill and down dale in the country, leaving letters and papers at the farmer's door, is likely to be a feature of the great American landscape before long.

The death, in Chicago, of Michael Schwab, momentarily revives interest in the terrible Haymarket riots, which occurred on the 6th of May, twelve years ago. Schwab was one of the leaders of the violent school of anarchists and an associate editor of the Arbeiter Zeitung. With Spies, Parsons, Lingg, Fischer, Fielden and Neebe, he was tried for the murder of those policemen who were killed by the deadly bomb hurled that fateful night. All were found guilty. Spies, Parsons and Fischer were executed November 11, 1887. Lingg blew his head off in the Chicago jail with a fulminating cap. Fielden and Schwab were sentenced to death, but received clemency on account of their families and the sentences were commuted to life imprisonment. Neebe was sentenced to fourteen years. During the summer of 1893 Governor Altgeld pardoned Schwab, Fielden and Neebe. Schwab was at once given his old position as editorial writer on the Arbeiter Zeitung, but after a time fell out with his employers and lost his place. He was not violent enough …his hands and … proved it. He went somewhat deeper into political economy than anarchists usually go, read Ricardo and Mill and Adam Smith as well as Proudhon, Bakunin and Lassalle. He modified his notions of the fittest means of improving conditions around the earth. He even reached the conclusion that violence, rapine, murder, chaos, probably did not constitute the ordained method for the regeneration of the world. In short Michael Schwab had ceased to be an anarchist. It was so with Fielden and with Neebe, both of whom, like Schwab, had strong but rude talents, without Schwab's taste for books and reflection. Poor Schwab's health failed him, consumption attacked his frame and he died in direst poverty, leaving a wife and four children dependent upon the state and the society he once cursed and sought to destroy. Schwab and his fellows bore a great part in a tremendous lesson. For a time at least his memory will be historical.

JULY THE FOURTH

There is a sort of "Hurrah Boys!" from the influence of which we can not escape. The Summer is fully on us; vacations have begun or are being arranged for; those who can afford it are getting out of the cities into the cool shades of the country or the bracing breezes of the sea; and even the less fortunate, or less energetic, stay-at-homes enjoy something of the holiday feeling.

We have a store full of wearables appropriate to the season, and at appropriate prices. Serge Suits, White Duck Trousers, Bicycle and Golf Outfits, Negligee Shirts; these and no end of other Summer-weight garments and hot weather furnishings invite the attention of tasteful buyers who are arranging their wardrobes for the heated term.

You'll have money left for other purposes if you let us supply your clothes.

A SPECIAL OFFERING

ANNUAL REPORT.

Mr. Foster Presents School-Fund Interest Figures.

He Has Accumulated Over $4,000 for Public Purposes—What He Purposes to Do With It.

To the Public:

I beg to submit herewith my second annual report, showing the amount received by me as interest on the school funds for the year ending June 30, 1898:

July 1, 1897, balance on hand		$1,637 09
December 18, 1897, interest received	$ 118 18	
December 24, 1897, interest received	20 00	
January 1, 1898, interest received	[illegible]	
June 13, 1898, interest received	107 53	
June 17, 1898, interest received	211 41	
June 29, 1898, interest received	161 00	
June 30, 1898, interest received on interest	133 40	
		$[illegible]

To this interest fund has been added my salary as trustee during my term of office except the salary for the first six months, which was expended when received for books which were placed in the public library. The salary account is as follows:

Salary, 2½ years, at $250.00	$ 625 00	
Interest on same	41 13	
		$ 666 13
The amount of the salary account added to the interest receipts makes the total amount on hand July 1, 1898		4,165 [illegible]

The public will naturally ask what will be the final disposition of this money. My original plan was to keep the fund accumulating until it should become large enough to purchase ground and erect thereon a public library building which would be a credit to the city. "Circumstances over which I had no control" have however deprived me of the privilege of accomplishing this, and the purpose for which the money will ultimately be used must depend necessarily upon what the future may disclose. Should my successors in office continue the policy of setting aside the interest received I shall be glad, when the proper time comes, to unite with them in using the money for a library building or for such other public purpose as may seem best. Should a different policy be pursued I will of course be compelled to abandon the idea of a library building and forced to use the money in some other way for the public benefit. For the present the fund in my hands will be kept safely invested and at interest and a report made each year of its amount. In order to anticipate the inquiry it may not be out of place for me to add that I have made provision so that in case of my death before this money shall have been used it will not become a part of my estate but will be put to such public use as my executors may determine.

Respectfully submitted,
SAMUEL M. FOSTER.

END OF SCHOOL.

Commencement Exercises of the Fort Wayne Business College at the Temple.

The Masonic Temple was crowded to the doors last evening with people who desired to witness the commencement exercises of the Fort Wayne Business college. Rev. A. K. Zartman, D. D., delivered the invocation and then followed a short address by Rev. T. J. Johnson. The class address was delivered by Dr. G. B. Stemen, in which he spoke of the great things to be accomplished by the young men and women who were today leaving the schools of the country. He talked to them on the duties of business and professional life and said that much more was expected from the rising generations than of the ones which had gone before. He said the city should encourage all its educational institutions, especially the business colleges which send into the world citizens who are to attend to the affairs of probably many citizens.

Frank Kenneth Hills delivered the valedictory, which was well received by the large audience. County Superintendent F. J. Young presented the diplomas and then the audience sang "America" and adjourned.

A reception was tendered the graduates after the exercises in the college rooms, corner of Calhoun and Wayne streets.

Mr. and Mrs. Charles L. Wyland Reese left for their future home in Chicago yesterday afternoon. They were showered with the congratulations of all their friends. The out-of-town guests who attended the wedding were: Mr. and Mrs. W. W. Fisk, of Columbus; Miss Alma Maloy, of Edinburg; Miss Emma Holloway, of Indianapolis; Mrs. Frances Northway and daughter Laura, of Elkhart; Mrs. Norris Felt and daughter Ruby and son Elmer, of Elkhart; Rev. and Mrs. Smith and son Hanson, of Albany; Mrs. Reed, of Elkhart.

…Will Organize an Independent Company.

They Will be in Readiness to Respond to a Third Call—More Than Thirty Names Already Secured.

A. J. You is forming an independent company of soldiers which will offer itself to the government in case of a third call for volunteers. Many of the members of the new company are country boys who desire to fight in favor of the red, white and blue. Some of them are young fellows who at one time were members of companies organized by Captains Hughes and Leonard. About thirty names have already been secured and Mr. You will receive applications until his company reaches the limit. When a third call is issued they will immediately offer their services and if the company, as a whole, is not accepted the men will be allowed to join any company in which they can enlist. It is Mr. You's hope to secure a company physically equal to any which has left the state.

LETTER FROM TAMPA.

Michael Kirn, of No. 7 Esmond avenue, is in receipt of a very interesting letter from Fred Strasser, a member of Company K, Eleventh Infantry, U. S. A., dated Tampa, Fla., June 25. Among other things Mr. Strasser says: "People in the north think it is awful to see some person buried every day, but it doesn't compare with camp life, where two or three are placed in their last resting places every day. The day before we arrived here four soldiers died, and the next day one died from the effects of smoking cigarettes. One day a soldier accidentally exploded his rifle and the bullet passed through three tents, three canteens and a pine tree six inches in diameter and then through the heart of a young soldier four tents away, lodging in another tree. Lightning struck in the camp of a New York regiment and killed one person and injured twenty-four others. There is not a paved street nor a respectable sidewalk in the town and no care is taken of the sanitary condition of the town. The boys are all hopeful and believe they will go to Porto Rico.

KNITTERS COME IN.

Mr. Powderly Rules in Favor of the Wayne Knitting Mills.

Members of Local Labor Organizations Investigate and He Acts on Their Recommendation.

For more than a month an important matter has been discussed in local labor circles. The Wayne Knitting mills have imported two men from Germany to work on machines in the local factory, and they had been stopped by the immigration officials and held in New York pending an investigation. Henry E. Alexander came to Fort Wayne, talked to some of the members of the local unions and then left. Later Immigration Commissioner Powderly telegraphed here to find out the position of labor organizations in the matter. Telegrams of explanation were forwarded to him and the Knights of Labor and the Trades and Labor council appointed committees which were allowed to visit the mills and make inquiry. The K. of L. reported in favor of allowing the men to come some time ago, but only last Monday did the Trades and Labor council committee complete its investigation. They also found that the company was not violating any law in the importation of the men as it was impossible to get competent men in Fort Wayne and the knitters at work in the factory at present were not in any hurry to teach Fort Wayneites the mysteries of the knitting machines. Secretary Heiss, of the Trades council, was instructed to notify Mr. Powderly of the result of their investigation and this was done. On Wednesday the immigration commissioner ordered the men released. The Cincinnati Enquirer has the following telegram from Washington, which explains Mr. Powderly's action:

"Commissioner General of Immigration Powderly today decided the case of the Fort Wayne Knitting mills and the decision bears out the predictions made in these dispatches. The men detained at New York are ordered to be released, and they will be permitted to go to Fort Wayne at once and begin the labors for which they were brought over. These two men, Ernst Thierfelder and Richard Becher, were imported from Germany by the Fort Wayne Knitting mills and landed in New York May 24 on the Bremen steamer Koenigin Louise. They were at once detained on complaint being lodged, it is alleged, by a business rival of the Fort Wayne concern. Immigration Inspector Henry E. Alexander, then stationed at Cincinnati, was sent to Fort Wayne to make an investigation. After looking into the case thoroughly, he reported that the case came within the exemptions provided for in the act of 1885, and that the firm had not violated the law.

"The only question at issue was whether or not the industry was a new one, as provided for by section 5 of the act of 1885, and upon this point the commissioner general sought his testimony. The hosiery made by the firm in question was knit by a peculiar process, and although it had been in business for seven years it was contended that notwithstanding that fact there were no workmen obtainable in the United States who could operate the machines which had originally been imported from Chemnitz, Germany. The contention of the firm seemed to be borne out by all the evidence, and any doubt the commissioner general may have had was removed yesterday when he received an official communication from the labor at Fort Wayne.

"This communication was signed by a committee consisting of L. C. Kasten and Herman A. Schuman, who had investigated the subject and the officials of the organization. These labor leaders upheld the contention of the knitting company and showed that it was impossible to secure the skilled laborers required in this country. Thereupon Commissioner General Powderly made the ruling promulgated this afternoon. He held that the case came within the exemption section of the alien labor contract law; that the industry was a new one, and that the skilled laborers being otherwise unobtainable, it was legal to import them. The men were immediately ordered to be released and sent to Fort Wayne."

VICTORIOUS NAVY.

Go to the Temple and Hear About It Tonight.

Byron Williams' Lecture Will be a Treat—Proceeds for the Benefit of the Fort Wayne Soldiers.

No part of our national greatness is so much admired as our brave, beautiful and powerful navy, and no part is so little understood by the average citizen, especially those who live in the interior and so are far remote from naval scenes.

When our soldiers come marching home, they will have many a story to tell of saucy torpedo boats and mighty battle ships and terrible cruisers, and of the brave sailors and gallant marines that lead the way to victories beyond the seas.

With this in view the G. A. R. entertainment committee gladly engaged Byron Williams to deliver his famous illustrated lecture on "Our New Navy," which is not only a deep study of the philosophy of our sea power, but also a thrilling description of our navy's growth and purpose. This enchanting lecture is the result of years of study and travel, during which many months were spent on the war ships and in the yards where they are made.

The committee confidently promise the most delightfully artistic and patriotic entertainment ever presented to the people of Fort Wayne.

This lecture has been given from the highest platforms of twenty-five states and always with complete satisfaction for the hundreds of thousands of approving auditors.

In New York the Herald pronounced it "simply magnificent;" the World, "highly interesting;" the Seaboard, "exquisitely beautiful" and "delightfully elegant."

In Washington, D. C., the Star ranks it "a leading light;" the Army and Navy Register, "a great success."

Wherever presented the author has won admiration and respect.

The committee further desire the public to know that the entire net proceeds will be devoted to the immediate comfort of the three companies now in the field from Allen county. In no other way can the citizens of Fort Wayne so pleasantly help their soldier boys as by attending the lecture on "Our New Navy," in which they will both hear an eloquent address and see 125 views of the navy in the finest style that art can produce.

ANTI-CANTEEN MEETING.

Will be Held at the Berry Street Church Next Sunday Afternoon.

All over the United States the ladies of the W. C. T. U. are making an effort to drive liquor out of the soldiers' home and the army. The ladies of Fort Wayne have taken an interest in the matter and will hold a large mass meeting next Sunday afternoon at the Berry street M. E. church at 3 o'clock. Addresses will be made by Dr. Hanson, of the Baptist church, Rev. T. J. Johnson, of the Simpson M. E. church, and Dr. Ferguson. Mrs. Hall, the famous singer, will entertain those present with several appropriate songs. The W. C. T. U. invites all the citizens of Fort Wayne to attend this meeting and assist them in driving the enemy of mankind from the army.

President—Louis Welchselfelder.
Vice President—Homer Krick.
Chaplain—Mrs. Thetis Blystone.
Secretary—William Jefferies.
Treasurer—Arnold Lee.
Sergeant-at-Arms — James Fulford.
Conductor—Miss Laura Bowser.
Inside Guard—Miss Bertha Blackburn.
Outside Guard—Ira Cary.
Medical Examiner—Drs. C. S. Fair and C. E. Heaton.

Indiana Troops Mobilizing.

INDIANAPOLIS, July 1.—The twelve companies that will make up the One Hundred and Sixty-first Indiana regiment, furnished under the second call, will all be in camp here by Saturday evening. The company from Rushville come in this afternoon, and the Mount Vernon and Jeffersonville companies will arrive early in the morning. William T. Durbin was commissioned as colonel of the regiment today. After all the effort that was put forth to make places for two independent colored companies from this state, officered by colored men, only 100 have responded out of the 212 wanted. Captain J. J. Buckner went to Marion today to get a squad of men, but failed to find any willing to enlist.

Miss Georgia Harker, who has been the guest of Mr. and Mrs. Frank Riblett, returned last evening to her home at East Liverpool, Ohio.

A CLOSE GAME.

Fort Wayne Won From Mansfield in Ten Innings.

Herr and Kellum Were Batted Hard and the Outfielders Accepted Many Chances—Notes.

Fort Wayne won a close and exciting game from Mansfield yesterday. Herr and Kellum were opposing pitchers and both were batted hard, the outfielders accepting more chances than in any other game played on the Lakeside grounds this season. Herr was hit the hardest early in the game and the visitors for a time looked like winners, but the big fellow settled down and was more effective in the last innings, while Kellum was batted hardest in the end. Herr was not only in the game as twirler, but his batting had much to do with landing the Hoosiers on the big end of the score. England umpired a better game than usual, although he was not perfect by a long ways. The score:

NOTES.

Dr. Brott attempted to steal second … Tom Campbell that Spencer almost went to sleep waiting to touch him.

Fort Wayne is making a record on extra inning games.

Grand Rapids is having heaps of fun with Toledo these days.

Belden is improving in batting and is becoming more valuable on the team every day.

The outfielders on the two teams accepted twenty-five chances. Flournoy and Hickey had twelve putouts in center field.

Katz is the same old jolly fellow as of yore. He has plenty of fun with the "rooters" and never gets mad. The old boy can bat some, too.

Mansfield is playing as fast ball as any team in the Inter-State league and patrons will always get a run for their money when they are the opposing players.

Mansfield News: "Babb didn't have a very busy day at third, but when anything came his way he attended to it in good style.—Fort Wayne has a nice team and it should be higher in the race."

Toledo Bee: "The Toledo team is, this season, living up to its past reputation. Charlie Strobel says he has requested that the next pennant be white. He has already won a red one and a blue one and now he wants the whole American flag. His stars will remain in the team."

Burnett is batting in much better form than at the commencement of his services with the team. He did wrong yesterday, however, in turning on Belt at the bat and threatening him with an oath. Belt is a very fresh young man and probably deserves to be chastised, but the place to do it is not at the home plate during a game.

New Castle Exchange: "Poor old Youngstown seems to be the dumping ground of the league for players who are not needed by the other teams. Only four men who have worn the New Castle uniform are on the team. They are Russell, Steen, Ross and Gilboy, who played with them for the first time." He held down the right garden. Cooke, late of the Fort Wayne team, is playing left, for Russell's aggregation. He has a bad wing and a hit to his territory is good for two bases. He knows his weakness, however, and is resigned, for when the bleachers asked why he was not with the Indiana team, replied that he wasn't good enough." A bad wing, eh? That's good.

ONE DEAD, TWO DYING.

Shocking Results of An Early Morning Blaze in Philadelphia.

PHILADELPHIA, Pa., July 1.—One life was lost and two persons are lying at the point of death as a result of a fire early this morning in the dwelling house of Patrick H. Flannery, 362 Locust street, West Philadelphia. The fire was started by the ignition of coal oil, with which Mrs. Flannery was bathing her arm to relieve rheumatic pain. The flames spread rapidly and a child was burned to death before it could be rescued.

Flannery was probably fatally burned in attempting to rescue other members of the family. During the progress of the fire Mrs. Flannery disappeared. It was thought she too had been burned to death. Later, however, she was found lying in the street near the house. The woman had become crazed by the loss of her child, and while wandering through the streets was struck by a trolley car and is also thought to be fatally injured.

NEW SECRETARY.

George Bruce Cortelicou Appointed Assistant to the President.

WASHINGTON, July 1.—President McKinley today appointed George Bruce Cortelicou, of New York, assistant secretary to the president, to fill the additional position of that grade recently created by congress. For nearly three years Mr. Cortelicou has been the chief executive clerk to the president.

He was born in New York city July 26, 1863, and belongs to one of its oldest families, who played a conspicuous part in the colonial and revolutionary history of the country. His grandfather, C. Pert Cornelius Cortelicou, for forty years a member of the great type founding firm of George Bruce & Co., and his father, Peter C. Cortelicou, jr., were prominent figures in New York's business and social circles a generation ago.

PLATT AND CROKER JOIN.

Indications That They are Now Agreed in New York.

NEW YORK, July 1.—The vacancy in the board of police commissioners was filled today by the appointment by the mayor of Henry E. Abell, a Brooklyn republican of the regular organization, to succeed William E. Phillips. Immediately after the new commissioner was sworn in he went to a meeting of the board, which appointed Wm. S. Devery chief of police.

Chief Devery was deputy chief under Chief McCullagh and was made acting chief when the latter was retired. The mayor also appointed today John P. Windolph, the republican leader of the fifteenth assembly district, as an aqueduct commissioner, to succeed Charles H. Murray. These appointments indicate that hostilities between the Platt machine and the municipal administration have been discontinued.

Messrs. J. D. Hickey, L. W. Koontz and E. Cripe, of Lipsic, Ohio, were in the city yesterday to contract with the Robison park management for a big excursion to this city July 12. They expect to bring no less than 1,200 excursionists to town.

AN OPERATION AVOIDED.

Mrs. Rosa Gaum Writes to Mrs. Pinkham About It. She Says:

DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines to inform you of the good your Vegetable Compound has done me. I cannot thank you enough for what your medicine has done for me; it has, indeed, helped me wonderfully.

For years I was troubled with an ovarian tumor, each year growing worse, until at last I was compelled to consult with a physician. He said nothing could be done for me but to go under an operation.

In speaking with a friend of mine about it, she recommended Lydia E. Pinkham's Vegetable Compound, saying she knew it would cure me. I then sent for your medicine, and after taking three bottles of it, the tumor disappeared. Oh! you do not know how much good your medicine has done me. I shall recommend it to all suffering women.—MRS. ROSA GAUM, 720 Wall St., Los Angeles, Cal.

The great and unvarying success of Lydia E. Pinkham's Vegetable Compound in relieving every derangement of the female organs, demonstrates it to be the modern safeguard of woman's happiness and bodily strength. More than a million women have been benefited by it.

Every woman who needs advice about her health is invited to write to Mrs. Pinkham, at Lynn, Mass.

MORE PATRIOTISM.

Peters Box and Lumber Company Will Raise a Flag.

Prepare an Interesting Program for the Occasion—Affairs About the Shops and Railroads.

Tomorrow, at 3 o'clock, will occur another of these most interesting and patriotic demonstrations—a public flag raising. This time the chief actors will be the employers and employes of the Peters Box and Lumber company and the Fleming Manufacturing company. The pole, a handsome piece 160 feet long, is already in position at the works on High street and at the hour mentioned the employes will present the flag to their employer, Charles Pape, and the same will be unfurled with impressive ceremonies. The flag is twenty-six by forty feet and it is constructed of the finest bunting. The Wayne Tent band has been engaged for the occasion and the following interesting program will be carried out:

PANHANDLE CHANGES.

The following appointments were announced by the Pennsylvania company yesterday: R. A. Bonebroke, superintendent of the Louisville division, to become superintendent of the Indianapolis division with headquarters at Columbus; Bushrod W. Taylor, superintendent of the Louisville division with headquarters at Louisville; M. W. Mansfield, superintendent of the Indianapolis terminal, in addition to his duties as superintendent of the Indianapolis and Vincennes; Paul Jones, engineer maintenance of way of the Indianapolis division.

FREIGHT AGENTS MEET.

The local freight agents held a meeting this forenoon to decide upon some method of affixing revenue stamps to bills of laden and shipping receipts and to discuss other matters of importance. Instructions to the agents are to the effect that the railway companies will furnish one stamp for the first bill of laden and the shippers must furnish stamps for all the duplicates. It is estimated that the seven roads in this city will spend at least $10 per day for revenue stamps.

A VICTIM OF THE FOOTADZE.

James A. Baysinger, a car builder employed at the east shops, will be disabled for several weeks, due to an accident while using that useful but most dangerous tool, a footadze. The adze glanced and its sharp edge entered Mr. Baysinger's right leg, an inch or two above the ankle, inflicting a very ugly wound.

LOST A THUMB.

G. E. Swyhark, a brakeman on the Pittsburg road, had the thumb of his right hand crushed so badly last night that it had to be amputated between the first and second joints. The accident happened at Pierceton.

General and Local Gossip.

Machinist George Strasser, of the Bass works, left for St. Paul today to spend the Fourth.

C. Stoll, of the Pittsburg car shops, will be a guest of Chicago friends over Sunday.

A. H. Polhamus, road foreman of the Pittsburg, has returned from a short trip on Lake Michigan.

Jerre Stanford, of the Pittsburg tank shop, severely injured his left hand yesterday by striking it with a hammer.

J. A. Graham, W. W. Tood and Ed Dillon went to Chicago this morning on business for the Pennsylvania company.

T. J. Kucher, private secretary to Supt. C. D. Law, has recovered from an illness which kept him confined to his home a month.

Mrs. Joseph Disser, wife of the upholsterer, is quite ill and Mr. Disser is kept from his duties at the Pittsburg shops on that account.

William Moellering has been awarded the contract of moving the Hoagland school building to the rear of the lot. Work has already begun.

Jule Goshway is moving and Michael Carey has gone to Chicago for a three days' visit. Both are employed in the Pittsburg blacksmith shop.

W. D. Miller, Ed. Wolf and Al. Becker, Nickel Plate engineers, are taking a few days rest. The latter will spend his vacation in fishing up the St. Joe river.

Andy Huber, J. Kaiser, O. W. Lehman and J. M. Zollars are new names on the absentee list of the Pittsburg planing mills. They are attending to private business.

The Pennsylvania placed a contract with the Terre Haute car works to build 500 of the 2,000 box cars of 80,000 pounds capacity, which the company has ordered.

This morning Contractor Henry Hilgeman commenced work upon a $3,000 dwelling house for Henry Kohrman, of the White bank. The building will be located at the northeast corner of Wayne and Hanover streets.

T. P. Barry, general passenger agent of the Iowa Central, retired from that position today and will be succeeded by W. G. Martin, brother of the general manager. Mr. Barry's health has been poor for some time and he desires to take a rest.

Twenty-five years ago today Mr. and Mrs Cody were married at the Cathedral by Rev. Father Benoit. This was one of the last, if not the very last wedding ceremonies performed at the Cathedral by that distinguished prelate. Mr. Cody is employed in the Pittsburg planing mills.

Ticket agents of the Pullman company at different points have been notified that the Pullman conductors will affix the revenue stamps to the sleeping car tickets when collected, thus avoiding any trouble on the part of the ticket agents, the Pullman company paying for the stamps.

This morning the work of making the iron for 100 gondola cars of 100,000 pounds capacity was taken up in earnest by the Pittsburg blacksmiths, all the dies and patterns having been completed. One of these cars furnishes nearly as much work for a blacksmith as does a class R or class X locomotive.

Samuel M. Taylor, the Pennsylvania train dispatcher, and his son Richard, the messenger boy at the Pennsylvania main offices, left this morning for London, Ontario, to visit relatives. They expect to be away from home about two weeks.

J. A. Wallers, traveling freight agent of the Missouri, Kansas and Texas, was in the city yesterday.

Eastern freight men have agreed upon the wording of a circular which is to be issued to shippers by each of the roads. It is in effect a notice that the railroads will pay for but one revenue stamp for each shipment. If the shipper desire a duplicate in any form, he must pay for the stamp which is necessary to make it a legal document.

President Milton H. Smith, of the Louisville and Nashville railroad, yesterday sent out the official notice of the restoration of one-half of the reduction of salaries made in August, 1893. The remainder will be restored January 1, 1899. The advance took effect yesterday, and will affect about 18,000 men. It will require $500,000 a year additional to pay the increased wages.

The first combination chair and sleeping car was built at the suggestion of H. M. Bronson, now assistant general passenger agent of the Indianapolis, Bloomington and Western. He secured the consent of General Manager Henderson to have one built as a test, and at once the car became so popular that the Indianapolis, Bloomington and Western company ordered fourteen built. Later a number of southern roads adopted the car, and through their influence the Pullman company commenced building combination chair and sleeping cars.

The hot wave is beginning to affect the employes of the shops, particularly in the moulding and blacksmith departments, where the intense solar heat is augmented greatly by the furnaces. The absentee list in the Pittsburg blacksmith shop this morning presented the following additional names, all of whom are sick: Frank Opatz, Albert Helder, William Dryer and John Rhinemeler.

Charles Cousar, of the Bass works, goes to Chicago tonight to spend the Fourth with his wife, who is visiting her parents in that city.

Charles Sletcher, the man who tests all engines for the Wabash before they are put into service, has gone to Hocking Valley, Ohio, to visit his mother.

Tonight Foreman Jacob C. Gehring, of the vice and lathe department of the Wabash shops, will go to Detroit to join his wife, who is returning from Reading, Pa., after a visit with relatives.

During the month of June the Wabash shops turned out twenty-one engines at this point, seventeen of them having been generally overhauled and repaired. This beats the record of the present year.

Henry Keil, timekeeper at the electric works, has been granted a two months' leave of absence on account of ill health. Bert Keplinger will fill that office during Mr. Keil's absence.

LABOR MEN AT WAR.

John J. Finnegan, of Chicago, Falls a Victim of Jealousies.

CHICAGO, July 1.—John J. Finnegan, president of the American Federation of Steam Engineers, is at the county hospital with a fractured skull, the result of an attack upon him by some supposed-to-be members of the stone cutters union.

He may not recover. Finnegan was found unconscious on the third floor of 183 Washington street and it is thought he had been hurled down stairs from the floor above.

John A. Webber, a member of Finnegan's association, was assaulted by the same men and is at home with a broken leg.

For several months the Stonecutters' union has had a grievance against the engineers who are employed in stone yards. A committee from each union was to have met at 183 Washington street to settle the difficulty. When Finnegan and Webber appeared at the meeting place they were attacked by a number of men. These men, it is said, belonged to the Stonecutters' union. After the assault they disappeared.

MR. CLAPHAM HONORED.

He Will Be Acting Assistant Professor of Law at Indiana University.

BLOOMINGTON, Ind., July 1.—Prof. W. P. Rogers, dean of the law school, will be absent from the university next year, as he has a leave of absence to study at Northwestern university. Judge Reinard will be acting dean next year, and W. E. Clapham, of Fort Wayne, will be acting assistant professor of law. Mr. Clapham is a rising young lawyer, a graduate of the state normal, and of both the literary and law departments of the Indiana university. He was two years ago instructor of law in the Indiana university law school. He has since been practicing in Fort Wayne.

ARSENIC ADMINISTERED.

The Russian Czarina Showed Signs of Slow Poisoning.

LONDON, July 1.—A special dispatch from Bucharest, capital of Roumania, referring to the report from Vienna on June 25, that Count and Countess Zuanoff, said to have been respectively chamberlain of the czar and lady in waiting to the czarina, had been arrested on a charge of attempting to poison their majesties, says:

"The czarina showed signs of slow poisoning from arsenic, which had been administered daily to her in cups of coffee by the lady in waiting. The czarina," the dispatch adds, "is very unpopular and is frequently dubbed 'the German.'"

HURRY WORK ON WARSHIPS.

Many Vessels at Mare Island Will Soon Be Ready for Sea.

MARE ISLAND NAVY YARD, July 1.—Four hundred men are now engaged in preparing the Yorktown for sea.

Admiral Miller's flagship, the Albatross, is taking aboard stores and ammunition and will leave here the latter part of the week.

The gunboat Bennington will be docked today and placed in readiness for duty as soon as possible.

The tug Vigilant has gone into commission, under command of Lieutenant Gunn, formerly of the naval reserve.

INDIANA EPWORTH LEAGUE.

State Convention at Marion is Attended by 900 Delegates.

MARION, Ind., July 1.—The state Epworth league convention is being held in this city. Nine hundred delegates are present. The meetings are held in a large tent in the waterworks park. The first session was called last evening. W. E. Goss, of the Methodist book concern of Cincinnati, Ohio, says this is one of the greatest conventions ever held by the league. It will require three days to transact the business.

LOCAL NEWS.

Mrs. J. A. Black and sons, John and Ralph, have gone to Chicago for a visit.

Two more bicyclists were assessed the usual $2 by Mayor Scherer in police court today.

Born, to Rev. and Mrs. Maurice Sampson, of No. 30 Lake avenue—an eight pound girl.

Mr. and Mrs. Will Carter, jr., will leave tonight for Cleveland, Ohio, to spend the Fourth with friends.

Mrs. Lucy Romsey and son Floyd, of Stryker, Ohio, will arrive in the city tomorrow to visit Mr. and Mrs. Thomas Mills.

Mrs. Frank Baker and children, of East Wayne street, will go to Lafayette tomorrow to remain until fall with relatives.

The Wayne street Epworth league will give a free "daisy patriotic" entertainment in the parlors of the church this evening at 8 o'clock.

Mr. and Mrs. George Moore, of No. 110 West Jefferson street, left today on a trip to Terre Haute to visit friends. They will remain over the Fourth.

Tom Church, a Grand Rapids fireman, was the lucky holder of ticket No. 82 that captured the ladies' bicycle at 266 West DeWald street, last evening.

The Sons of St. George anticipate a grand time at their picnic on the Fourth. It will be held in the extreme southwestern part of the city. All Englishmen are invited.

Mr. and Mrs. James Lonergan delightfully entertained a few friends at their home, on Erie street, last evening, in honor of Miss Emma Stephan, who is visiting in the city.

Mr. and Mrs. Charles Kickley, of Fairfield avenue, were most agreeably surprised last evening when a number of friends and relatives invaded their home to remind them of their tenth wedding anniversary. Many presents were received. Music was the feature of the evening. Light refreshments were served.

At 8 o'clock this evening will occur the marriage of Charles Wetherred and Miss Jessie Aiken, at the Christian church, corner of Jefferson street and Fairfield avenue. Only the immediate friends and relatives will be present. Mr. Wetherred is the pressman at the Newspaper Union and Miss Aiken is one of Fort Wayne's charming young ladies and their many friends unite in wishing them a long and happy life.

The Loyal Cycling club made a run to New Haven last Sunday morning in which nearly every member participated. The club will run to Wallen next Sunday and all those who wish to go are requested to meet at the Wells street bridge promptly at 5 o'clock. There is no doubt but that these early morning runs are very popular with the members, and the rule for not waiting for any one has the desired effect of getting every one at the meeting place on time, so that the runs can be made within the time counted on by the officers.

THE SENTINEL has received a copy of the Pacific Commercial Advertiser, published at Honolulu, Hawaii, and it is of peculiar interest from the fact that it is a "Boys in Blue Edition," souvenir of the landing of the soldiers of the first Manila expedition for a brief time at Honolulu. The paper is printed on white, with red and blue ink, and is quite striking. There are glowing accounts of receptions, flag presentations and the like. All Honolulu turned out to give the soldiers a kind reception. This newspaper is sent with the compliments of Private C. H. Dunfee, company D, First regiment California volunteers. Private Dunfee is a brother of Emmet Dunfee, of this city.

THE NEW THEATRE.

Handsome Thespian Temple at Robison Park is Completed.

Manager Heilbroner has decided to give the Fort Wayne people, who may perhaps be otherwise engaged on the afternoon of the Fourth, an opportunity to see one of the attractions originally booked for that day, on Sunday afternoon.

The new theatre is now occupied and is a marvel of comfort and convenience. The arrangements for the big celebration on Monday are completed and all that is now out on the grounds is the crowd. If the weather is favorable there will be a larger out of town crowd in Fort Wayne that day than ever seen here on Independence day before. Arrangements to have war bulletins posted on the park grounds have been made, provided of course, that anything of interest is transpiring in Cuba. Tomorrow will be regular children's day.

Alaskan Steamer in Debt.

SAN FRANCISCO, July 1.—The Call says that the schooner Laura Madison, belonging to the Mutual Mining, Trading, and Transportation company, of Boston, which was to have sailed for St. Michaels on May 15 last, is still tied up here owing to the fact that San Francisco merchants have liens on her amounting to $17,000. Over $40,000 has been expended by the company in extensive preparation for its proposed operations in Alaska.

IN CHARGE OF PACK TRAINS.

"Broncho John" Sullivan Gets an Important Army Appointment.

TAMPA, Fla., July 1.—John Sullivan, a well known army scout, who served the government at the battle of Wounded Knee and is widely known throughout the west as "Broncho John," has been appointed superintendent of wagon and pack trains of the Fourth army corps.

WHEELS GO ROUND.

The Bicycle Bobs Up to Worry the Authorities.

Bicycle Club Will Circulate a Petition Asking for Repeal of Vehicle Tax—Municipal Notes.

The bicycle dealers of the city held a meeting last evening in the Black-Peltier rooms on West Wayne street and unanimously determined to make a fight for the repeal of the vehicle tax. Each dealer will handle a petition asking for the repeal of the ordinance and this morning one dealer informed THE SENTINEL that a petition with the names of 6,000 bicycle riders on it would be presented to the council within a short time. The bicycle riders themselves are divided on the proposition to repeal the tax. Many believe the tax is just the thing if it is impartially enforced and Comptroller Berghoff says that it will be strictly enforced as soon as a new supply of tags arrive. If there are 6,000 wheels ridden in Fort Wayne that would mean a revenue of $6,000, which would repair all the streets in the city if collected. Most of the dealers rent wheels and are compelled to purchase tags for from fifteen to thirty wheels which are rented. This makes it a hardship they claim. The dealers, it is intimated, also threaten to see that every ordinance on the statute books is enforced. If they follow this plan there will be a warm time in Fort Wayne during the next few weeks.

BOARD OF WORKS.

The meeting of the board of public works last evening was not an extended one.

The contract for building a sewer between Third and Fourth streets, from Barthold street to the west line of Clark's addition, was awarded to Anton Rieg. His price was 42 cents per lineal foot; the other bids were John Draker, 51 cents, and Moellering & Co., 48 cents. Rieg was also lucky in bidding on the sewer in the alley north of High street, from Barthold to Wofel, and lateral branches. He was given the contract at 52 cents, Moellering and Draker bidding 56 cents each.

The engineer was ordered to prepare plans for sidewalks on the east side of Winter street, from Hayden street to the Pittsburg railway, and for paving Brackenridge street with asphalt, from Calhoun street to Fairfield avenue. This latter improvement has been under consideration for some time, having been petitioned for several times in the past two or three years. The board finds that, after completing all pavements now under contract or projected, there will be enough money on hand to warrant further improvements, and decided to grant the wishes of the property owners on Brackenridge street. The street is narrow and the cost of the improvement will be very small.

DOUBT OF M'DOWELL.

Famous Chicago Oarsman May Not Row in Henley Regatta.

LONDON, July 1.—There is a remarkable lack of interest in the Henley regatta of next week. While the number of home entries is up to the average, the quality is inferior to anything since 1879.

In addition to this, there is almost an entire absence of foreign competition. Several German crews which entered were scratched at the last moment, so the foreign oarsmen who will take part in the rowing contest are practically limited to W. C. McDowell and B. H. Howell, the American oarsmen, and Dr. Schulz-Dienlart, of Berlin. They are all entered for the diamond sculls. Dr. McDowell, however, has not arrived and the Henleyites are perturbed at the non-appearance of the famous Chicago oarsman. Secretary Cooper, of the Henley regatta committee, telegraphs to the office of the Associated Press here asking for information as to the whereabouts of Dr. McDowell. He says that it is necessary that he (the secretary) should be informed before midday Saturday whether the doctor is or is not coming.

BOY GLOBE TROTTER HOME.

Richard Vincent, Aged Sixteen, Says He Has Traveled Far and Seen Much.

NEW YORK, July 1.—After four years of rambling, during which, he says, he has traveled and lived in first-class style, without money or credit, Richard J. Vincent, the boy globe trotter, is home again from a foreign shore with a large book full of press clippings and autographs of distinguished persons. The boy is proud of his achievements in the deadhead line.

Though but sixteen years old, and small for his age, Richard says he has visited every portion of the globe, worked his way into the presence of princess, gone riding with kings, shaken hands with emperors and dined with grand moguls in China.

CHARGED WITH MURDER.

Government Officials Claim to Have a Postmaster's Slayer.

WASHINGTON, July 1.—The chief postoffice inspector has received a telegram stating that six men have been arrested at Lake City, S. C., charged with having murdered the negro postmaster there last February.

The case attracted national attention, and the government has been vigorously at work ferreting out the participants in the crime.

Fruit and Grain Damaged.

SAN FRANCISCO, Cala., July 1.—A severe north wind has done considerable damage to grain and fruit in the Sacramento and San Joaquin valleys. The greatest loss will fall upon the growers of wheat. Some conservative farmers estimate that 10 per cent of the wheat has been thrashed out by the storm in some localities.

FIKE FOUND.

He Is Accused of Stealing a Watch From Emmanuel Lewis.

Deputy Sheriffs Stout and Lindemuth Arrested Fike in Aboite Township Today.

This afternoon Deputy Sheriffs Stout and Lindemuth arrested George Fike out in Aboite township and lodged him in jail. The prisoner is charged with stealing a watch from Emanuel Lewis, of Spy Run avenue, last Wednesday. Last evening Sheriff Melching found the "ticker" at the second-hand store of Horace Mariotte, where it was left as security for a loan, and this morning the sheriff started his deputies out in search of the man who pawned the watch. At the Bootjack saloon Messrs. Stout and Lindemuth learned that a man answering the description of the thief had driven past that place early in the morning and, pursuing the trail, they overhauled Fike about seven miles from the city. While at the "Bootjack" Fike attempted to work his old nickel of promising to bring eight or ten boarders to the place and on the strength of this promise borrowed a half dollar or more.

Deputy Collector Gibson Returns With Them From Indianapolis.

Deputy Revenue Collector Frank Gibson has returned from Indianapolis with a supply of 11,000 stamps. The stamps he brings are 5c documentary, ⅛c proprietary, ¼c proprietary, ⅜c proprietary, ⅝c proprietary, 2c proprietary, 4c proprietary.

He failed to get any of the one-cent and two-cent stamps to be used in telegraph and banking business, but expects these stamps Monday. In the meantime a record will be kept of the business transacted in these branches of business. There has been a big demand all day for stamps and Mr. Gibson has answered hundreds of questions.

A GENERATION OF PAIN

MISSOURI MAN SUFFERS 25 YEARS WITH RHEUMATISM.

Cured by the New Remedy Gloria Tonic.

A man never grows so old that he can get accustomed to the pains of rheumatism. An old gentleman 70 years of age, went through 25 years of constant suffering until he tried the new remedy, Gloria Tonic. It cured him as it has all those who have heard of and used this remarkable medicine. The testimonials received are a record of efficacy and permanency of cure, such as rarely comes to the discoverer of a new remedy. The proprietor of Gloria Tonic first tried it in his own case. His feet were so swollen that he was unable to walk. He had always been more or less troubled with rheumatism, but when he became helpless he ran across Gloria Tonic and cured himself so quickly and completely that he began advertising it in household newspapers. In the past two years several thousand rheumatics have been restored to permanent health. If you have even a mild touch of the disease, ask your druggist for this splendid and unfailing remedy.

Gloria Tonic is made by John A. Smith, Summerfield Church Building, Milwaukee, Wis., who will gladly send testimonials to those who are suffering from rheumatism. A box of Gloria Tonic will be sent prepaid by mail if your druggist won't get it for you. Price $1.00. In localities where Gloria Tonic is not thoroughly known a free trial package and testimonials will be mailed upon application to John A. Smith, 213 Summerfield Church Building, Milwaukee, Wis.

ONLY A FAKE.

No Attempt Was Made to Hang a Boy at the Orphans Home.

Mrs. Overmeyer asks THE SENTINEL to deny the sensational story printed in the city papers about the attempt of some of the inmates of the home to hang a companion because he yelled for Spain. The boys play war and chose side, one representing Americans, the other Spaniards, but there was no attempt made to hang any of them and it is believed that no person except a malicious enemy of the institution would circulate such a story or give it out for publication. There was not one iota of truth in the story as printed.

There was not a large attendance at the meeting of the carnival committees last night. The members are still busy raising subscriptions and want $2,000 more before the fair is a certainty. There will be no advertising done until after the Fourth and until the committees have made fuller reports.

Chris. Kees, stenographer at Nathan's liquor store for four years, has resigned his position.

WHEN The MEN'S SUITS We Sell At $7.50, $10.00 AND $15.00

WHEN A reliable clothing house, carrying the best stock in the city, offers Boys' Middey Suits, worth $1.00, for only $3.00, wisdom would dictate a purchase, wouldn't it?

WHEN You can buy at Sam, Pete & Max's for $3.00 all wool, double breasted Suits, 8 to 15, which are selling otherwheres for $5.00, it would seem useless to waste time at other places, wouldn't it?

WHEN The mothers of boys who want to join the navy, and fight Spain, can buy their Suits here in sizes from 8 to 16, for only $4.00, going somewhere else and paying $5.00 for same Suit, it wouldn't seem good judgment, would it?

WHEN Negligee Shirts, which we sell in a variety of styles for only 50c, $1.00 and $1.50, are selling for more money elsewhere, you would seem negligent of your opportunities if you did not buy a few, wouldn't you?

WHEN Nobby Hats, in all styles—Derby's Fedoras, Crushes, Crushes, Crushers, Straws, etc., can be bought here for so little money, it would be foolish to go bareheaded, wouldn't it?

WHEN You purchase at lower prices than others charge, goods of a higher grade, and have the tenth told about every garment it seems like a sheer waste of time and money to trade anywhere but at Sam, Pete & Max, doesn't it?

Bring about $2.00 more a Suit at other clothing stores, it's pretty hard to figure out how you are going to make any money by buying them ... n't it?

WELL FED, WELL BRED.

Proper Food Makes Brainy Men and Beautiful Women.

To know just what to eat is a problem for many people who find their strength and health not keeping up to a proper stage. From food we must expect our bodily nourishment and not from drugs. True, a physician's care is required at times, but the true physician will always seek to put his patient on properly selected food and drink.

A food expert has discovered Grape Nuts by experimenting on the treatment of grains to artificially pre-digest the starches (the principal part). Grape Nuts as now made by the Postum Cereal Co., Lim., of Battle Creek, Mich., and sold by grocers generally, is a delicious dainty, suitable particularly for the brain worker, as it quickly supplies the part of food the body needs to supply the daily loss produced by brain work. Unless the right food be furnished and properly digested, the individual discovers a gradual failing and some form of disease sets up.

Users of Grape Nuts discover that they assist in the digestion of cream and other food and that a "well fed feeling" follows their use.

THE FRANK DRY GOODS CO.

gave its annual evening picnic at Centlivre park last night. The picnic is known as the Sommernachtsfest and is attended by the greater part of the representative Germans of the city. The Eintracht society was joined by the Germania, St. Paul Maennerchor, Saengerbund, Harmonies and Turn Verein Vorwaerts Singing societies, who helped to make the evening more pleasant. Numerous songs were rendered by the different societies and dancing was indulged in at the pavilion. The attendance was large, it being estimated that there were fully 2,000 people at the park during the evening.
